Offeror's detailed response to: IV. Statement of needs

B 1. *Provide a written narrative statement to include, but not be limited to, the expertise, qualifications, and experience of the offeror and resumes of specific personnel to be assigned to perform the work.*

Simon Aberg is a professional upholsterer located in Harrisonburg VA. He started his company "Mindful Upholstery" on July 15, 2016. Simon is originally Swedish, but lived and worked in Hawaii for 10 years. There he was trained in upholstery whilst working for "David's Upholstery." "David's Upholstery" is a full service upholstery shop which caters to upmarket designers, hotels, and the marine community.

On Dec. 17, 2014 Simon moved to Harrisonburg and gained employment at "House of Oak and Sofas." There he ran the upholstery shop, doing furniture repair for warranty work, reupholstery, and the creation and manufacture of a variety of window treatments.

During his time with "House Of Oak And Sofas" Simon obtained a "birds-eye-view" of the furniture business as a whole. He gained experience in the manufacturing, purchasing, selling, delivering and repairing of all the merchandise. This enabled him to gain intimate knowledge of potential problems with material selection from frame to cover. He is able to apply this knowledge by producing long lasting quality products in his own business.

Simon has become proficient in all manner of upholstery including but not limited to vinyl work, canvas, leather, indoor and outdoor materials, delicate and robust upholstery service, window treatments and all manner of curtains. He has also worked on a variety of large projects such as church pews and windows, restaurant booths & barstools, gyms and hospital equipment.

Simon has a passion for the combination of beauty and practical function. He has set excellence as his goal in each job produced, hence his apt company slogan: "Careful Consideration From Start To Finish."

B 2. *Describe the complete process of providing the services from the time a JMU department establishes contact to invoicing for services provided.*

Upon initial contact the scope of the work is evaluated:

I) Step one.

- a) Establish which fabric is to be used and how many yards are needed.
- b) Evaluate which foam components need to be replaced, if any.
- c) Any other info such as underlying structural problems and also decorative additions like buttons, welts ext.
- d) At this point we determine whether or not a on-sight inspection by "Mindful Upholstery" is necessary or not.
- e) Due date established.
- f) Considerations concerning complications with pick up/drop off are taken care of. (e.g. working with restaurants that are open 24/7 requires careful planning and execution which include the of making templates, pre-sewing covers and being ready to do mobile installations with minimal disruption.) Similar principles may apply to JMU.

II) Step two.

- a) Quote is written and sent to appropriate JMU department - this process is made easier by the pre-existing contract.
- b) If quote is approved - we move on to step three, if it is denied, necessary changes are made.

B2 **III) Step three.**

- a) Materials are ordered.
- b) Upon arrival of materials JMU dep. is notified, and pick up of furniture arranged.

IV) Step four

- a) Manufacturing initiated.
- b) If multiple pieces are being made for onsite installation there is a test fitting undertaken at a predetermined time.
- c) Manufacturing completed.

V) Step five

- a) Installation of newly repaired, reupholstered, or refinished furniture takes place at an agreed upon time.

VI) Invoice sent. Payment received. Receipt sent.

B 3. *Describe how a work plan is created and services are performed.*

“Mindful Upholstery” utilizes a written work-plan for each job received containing information of fabric type, yardage, foam, and any additional material to be ordered, as well as contact information and PO number. If applicable the work plan includes dimensions and drawings. Paper templates are made for each project, and these are saved for future reference.

When making multiples of the same product e.g., bench covers, curtains, or multiples of same sized chairs, the initial piece in the line up is made from start to finish including all components and extras. This piece is then test fitted, once approved the large scale manufacturing commences. At this point all the fabric components are cut, all the fabric covers are sewn, and all the foam is cut. Finally all components are installed.

Re-orders of the same items in different locations will naturally be slightly faster since all the test-fitting and templates are already pre-made.

B 4. *Specify the time frame of furniture pick-up after an order has been placed.*

The time frame for order pick up is 1-3 Weeks.

B 5. *Specify the expected time frame from the time the furniture is picked-up to the delivery of finished product.*

The time frame for order completion depends on the size of the order. Small orders: 1 week, Large orders: 2-3 weeks. If necessary, the work load could be split into smaller sections and installed in portions so as not to disrupt campus activities.

B 6. *Describe any special circumstances that could delay the anticipated pick-up and/or delivery time.*

Special circumstances that could cause delays: There are certain things “Mindful Upholstery” has no control over:

1) **Back-orders.** Fabric arrives from some companies within 1-2 business days, other companies can take up to 1 week. In the case of back-orders it could take 4-8 weeks before fabric is re-stocked at the warehouse and shipped to “Mindful Upholstery.”

2) The other thing is the ebb and flow of work load. “Mindful Upholstery” is committed to give priority to JMU work orders, however there may be times when large orders are in process and this could make the wait time a little longer.

B6. 3) Uncontrollable natural disaster or dangerous weather conditions.

"Mindful Upholstery" is, in any given scenario, committed to clear and honest communication about time delays if any of these issues would arise.

B 7. Describe workmanship warranties that will be offered.

A workmanship warranty for a period of 1 year for the upholstery work undertaken is included. Seam slippage, stitching, zippers, attachment (stapling) and spring work are included, subject to *normal usage* of the item. "Mindful Upholstery's" sole obligation under this warranty is the repair or replacement, at our discretion or as otherwise agreed upon with the appropriate department, of any part or parts covered by this warranty which are found to be defective.

B 8. Fabric Specifications

- a. *Describe what brands/manufacturers/mill(s) for fabrics (upholstery), foam, and other materials that may be used to provide the services herein.*

For commercial applications such as universities, restaurants, hospitals we have found "Douglass" to meet most all of our needs. They offer all manner of vinyl and high performance fabrics. Fabric treatments include: Stain & soil resistant technology e.g. Crypton, Greenshield, Permaguard, Scotchguard, ink resistant technology such as writers block, and many more.

"Douglass" brand owns their own mill but acquires fabrics from all over the world.

www.dougind.com. For window treatment fabrics we utilize "Greenhouse Fabrics," "Kasmir & Mitchell's." If an architect or designer calls for a fabric from a company we have not worked with before, we will simply acquire an account with that company, which is a simple process.

Foams: We have 3 suppliers of foam: "Douglass", "Genco" and "Foam To Size". All seating foam will be of a density 2.5 or above. Backs will be no less than 1.8 in density. "Douglass" offers pure urethane which has excellent durability. "KTT Enterprises" supplies our latex foam which offers the best durability and is a sustainable option since the consumed product can be recycled. Latex is not included in our initial pricing but can be offered upon request.

- b. *Describe the process of assisting campus end-users in the selection of fabrics.*

The Process of the assistance of the selection of fabric for the campus end user includes:

(1) The university will not be charged for on-site consultations.

(2) **The recommendation of fabric includes:**

Durability : abrasion rating (double rubs) together with fiber selection and texture are the three points we look at to determine suitability. Durability is not the same for all areas of upholstery. For instance, a sofa back may not need a high abrasion rating to last for a long time. However in many cases this may require UV light protection if exposed to sunlight where the couch is located. A seat cushion, on the other hand, will need to resist abrasion as well as require UV protection. These kinds of specificities are taken into careful consideration at all times and will be communicated clearly with the end user.

Product application: Certain fabrics will be more suitable for specific types of furniture. This seldom presents a real issue. The likelihood of a complication in this area is low but B8b would usually occur where adhesives are involved and a permanent bond between fabric and foam is needed. Careful consideration is taken concerning how the product is created and

“Mindful Upholstery” strives to create well made, long-lasting, and environmentally sustainable furniture.

Upholstery Maintenance: We understand the importance of clean-ability and ease of maintenance and will recommend commercial vinyls and high performance fabrics. Modern fabric technology is amazing and can accommodate almost any situation including cafeterias, messy students, and outdoor locations. During each consultation we will recommend the most common and practical fabric for the application, however we will accommodate for other requests. For instance in a cafeteria, nothing beats vinyl. In a setting where daily wiping is required vinyl is a great option, however there are some other fabrics that would stand up to the challenge and may provide more variety in style and color. If desired we would come up with alternatives. However we are not willing to utilize fabrics that are not suitable for the application. This would compromise the longevity of our work and our warranty. We steer towards usability and longevity the first, aesthetics come in a close second but not the other way around.

UV - light exposure - UV light is a known enemy to ALL man made products, upholstery is certainly included. UV light can pulverize fabric and once foam components are exposed they will degrade quickly. If furniture is going to be exposed to direct sunlight, UV - ray stable fabrics will be recommended. This fabric commonly has a protective finish that reflects UV rays. But weave and weight will also be considered. A tighter weave and a heavier weight fabric increases the protection of the Foam. Fabric application in production is also considered since heavily stretched fabrics will have a reduced UV protection. Thus by providing slightly looser fitting fabric backs and sides it will increase the inherent resistance.

Soil/stain potential - We will assume a rather large stain potential on virtually all seating on a university campus and will recommend fabrics with built in (engineered) OR inherent stain resistance.

(3) “Mindful Upholstery” *is able* to evaluate upholstery for application suitability but we are at the same time aware of our limitations. We lean on and glean from the expertise in the field especially since new products are often being released and promoted. We tend to go with time tested options as a rule. If there is a question we do not know the answer to we do the research necessary before giving suggestions.

- c. *How does your firm categorize the quality/durability of a fabric? Is a “grading scale” used (“Grade 1”, “Grade 2”, “Grade 3”) or other classification (such as “High/Low/Constant Traffic” or “Private/Public/Demanding Spaces”)?*

Our Fabric Grading System

Fabric companies separate commercial fabrics from residential which gives one a good starting point. In a commercial binder the abrasion rating is typically 50 000 double rubs at a minimum. This would be a must and a minimum for any high traffic area. Lower abrasion ratings could potentially come into consideration if the space is lightly used. After that we simply go through the points listed above to find the specific fabric most suitable for the space rather than going with a generic code.

- B8c (1) *Describe the process in which the offeror determines prices for each category of fabric mentioned above.*

There are a number of reasons why certain fabrics are more expensive than others and it is not always due to quality. For instance, a fabric that is sold in great volume will be cheaper than a fabric sold in lower quantities. Even though it may be of greater quality so in those cases price does not rhyme with reason but a protective finish on fabric most likely raises the price (e.g. Crypton) and will most likely offer superior qualities. However, a better quality or a more expensive product is not always necessary or worth while. For instance when we do church pews, we do not suggest spending money on a fabric like Crypton (which has great engineered soil protection technology) when there are other incredible resistant fibers which offer outstanding abrasion tolerance. This is simply because people don't eat hamburgers in pews! Our aim for each project is to find a suitable fabric at a reasonable price. Going through the outlined steps in section B2 is our go to method. When budget is restricted we will work to find a suitable fabric within the given parameters.

(2) *Specify formulas or calculations used to determine cost and include how Contractor proposes to price fabric in section VII. Pricing Schedule, under N. FABRIC.*

We buy fabric wholesale. Standard in the upholstery industry is to retail at a multiple of 2x. This is the standard we follow and how we price fabric. Shipping costs will be stated as they are and charged to JMU with no additional cost. We will offer a 20% discount on all fabric orders to JMU off MSRP.

- d.** *If requested, can the offeror obtain a Certificate of Flame Retardancy from the supplier/manufacturer for a specific fabric?*

Yes, a certificate of flame retardancy can be obtained upon request.

B 9. *Describe any environmentally friendly materials that could be available to the University.*

The environment is a very high concern for "Mindful Upholstery". The very nature of our business promotes the re-use as opposed to purchasing of the new and throwing away of the old.

We offer heavy duty fabrics made from up-cycled materials which reduces the carbon footprint by re-using already made materials as well as reducing landfill waste. We offer premium latex foam that outlasts the poly foam rubbers and can be composted, unfortunately at a large price difference at this point.

As much as possible we partner with fabric companies which produce environmentally sustainable products.

We seek to reduce the impact on the environment by first and foremost offer long lasting products and so pro-long the lifecycle of the furniture.

B 10. *Provide any additional services offeror can provide and include pricing in section X. Pricing Schedule.*

Services we offer: Upholstery, Reupholstery, Furniture Repair, Furniture Refinishing, Furniture Re-building, Re-Covering Furniture, Window Treatment Fabrication including cornices, valances, and curtains. We also offer custom design cushions.

I. PURPOSE

The purpose of this Request for Proposal (RFP) is to solicit sealed proposals from qualified sources to enter into a contract to provide furniture repair, refinish & upholstery services on as as-needed bases for James Madison University (JMU), an agency of the Commonwealth of Virginia. Initial contract shall be for one (1) year with an option to renew for five (5) additional one-year periods.

II. BACKGROUND

JMU is a comprehensive public institution in Harrisonburg, Virginia with an enrollment of approximately 22,000 students and more than 4,000 faculty and staff. There are over 600 individual departments on campus that support seven academic divisions. The University offers over 120 majors, minors, and concentrations. Further information about the University may be found at the following website: <http://www.jmu.edu>.

The University purchases millions of dollars of new furniture across campus each year, however in some instances it is determined to be more cost effective to either repair, refinish or reupholster a piece of furniture, rather than purchasing new. Currently, the University utilizes three (3) contracted vendors for various projects across campus for these services. Since 2013 the University has spent a total of approximately \$281,000 and statewide, higher education institutions has cumulatively spent of over \$1 million on furniture repair, refinish and reupholstery services. The current contracts expire February 28, 2019.

III. SMALL, WOMAN-OWNED AND MINORITY PARTICIPATION

It is the policy of the Commonwealth of Virginia to contribute to the establishment, preservation, and strengthening of small businesses and businesses owned by women and minorities, and to encourage their participation in State procurement activities. The Commonwealth encourages contractors to provide for the participation of small businesses and businesses owned by women and minorities through partnerships, joint ventures, subcontracts, and other contractual opportunities. Attachment B contains information on reporting spend data with subcontractors.

IV. STATEMENT OF NEEDS

James Madison University seeks to establish multiple term contracts with vendor(s) to provide high quality furniture repair, refinish and upholstery services on an **as-needed basis** to various departments across campus. The University does not guarantee any set volume of orders resulting from this contract and cannot provide an estimate of potential contract usage. The University reserves the right to obtain other cost estimates prior to authorizing work, and to solicit any project separate and apart from the resulting contract(s) as may be deemed in the best interest of the University. The University reserves the right to request a quotation from one or more contractors with which the University has a contract. A University purchase order will be issued as authority to proceed with the work. **NO WORK IS TO BE UNDERTAKEN BY THE CONTRACTOR UNTIL A WRITTEN PURCHASE ORDER HAS BEEN RECEIVED.** Contractor shall not perform work which would result in exceeding the dollar limitation of the purchase order without first having obtained written approval from the University.

The University intends to establish contract pricing for the specific pieces of furniture specified in Attachment E – Furniture Information; however, the University reserves the right to add any furniture to this contract to include any fabrics, polyfoam, repairs if any, and other incidentals. Pricing for furniture not included in the resulting contracts shall be negotiated at that time and

may be incorporated into the contract via contract modification at the mutual agreement of both the University and offeror. **Offerors may in their sole discretion, propose pricing to one or more pieces of furniture outlined in section X. Pricing Schedule.**

II. PROPOSAL PREPARATION AND SUBMISSION

A. GENERAL INSTRUCTIONS

To ensure timely and adequate consideration of your proposal, offerors are to limit all contact, whether verbal or written, pertaining to this RFP to the James Madison University Procurement Office for the duration of this Proposal process. Failure to do so may jeopardize further consideration of Offeror's proposal.

1. RFP Response: In order to be considered for selection, the **Offeror shall submit a complete response to this RFP**; and shall submit to the issuing Purchasing Agency:
 - a. **One (1) original and four (4) copies** of the entire proposal, INCLUDING ALL ATTACHMENTS. Any proprietary information should be clearly marked in accordance with 3.f. below.
 - b. **One (1) electronic copy in WORD format or searchable PDF (CD or flash drive)** of the entire proposal, INCLUDING ALL ATTACHMENTS. Any proprietary information should be clearly marked in accordance with 3.f. below.
 - c. Should the proposal contain **proprietary information**, provide **one (1) redacted hard copy** of the proposal and all attachments with **proprietary portions removed or blacked out**. This copy should be clearly marked "*Redacted Copy*" on the front cover. The classification of an entire proposal document, line item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable. JMU shall not be responsible for the Contractor's failure to exclude proprietary information from this redacted copy.

No other distribution of the proposal shall be made by the Offeror.

2. The version of the solicitation issued by JMU Procurement Services, as amended by an addenda, is the mandatory controlling version of the document. Any modification of, or additions to, the solicitation by the Offeror shall not modify the official version of the solicitation issued by JMU Procurement services unless accepted in writing by the University. Such modifications or additions to the solicitation by the Offeror may be cause for rejection of the proposal; however, JMU reserves the right to decide, on a case-by-case basis in its sole discretion, whether to reject such a proposal. If the modification or

additions are not identified until after the award of the contract, the controlling version of the solicitation document shall still be the official state form issued by Procurement Services.

3. Proposal Preparation

- a. Proposals shall be signed by an authorized representative of the Offeror. All information requested should be submitted. Failure to submit all information requested may result in the purchasing agency requiring prompt submissions of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by the purchasing agency. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.
- b. Proposals shall be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.
- c. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the paragraph number, sub letter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and sub letter should be repeated at the top of the next page. The proposal should contain a table of contents which cross references the RFP requirements. Information which the offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at the appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed.
- d. As used in this RFP, the terms “must”, “shall”, “should” and “may” identify the criticality of requirements. “Must” and “shall” identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. Items labeled as “should” or “may” are highly desirable, although their absence will not have a large impact and would be useful, but are not necessary. Depending on the overall response to the RFP, some individual “must” and “shall” items may not be fully satisfied, but it is the intent to satisfy most, if not all, “must” and “shall” requirements. The inability of an offeror to satisfy a “must” or “shall” requirement does not automatically remove that offeror from consideration; however, it may seriously affect the overall rating of the offeror’s proposal.
- e. Each copy of the proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.
- f. Ownership of all data, materials and documentation originated and prepared for the State pursuant to the RFP shall belong exclusively to the State and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by the offeror shall not be subject to public disclosure under the Virginia Freedom of Information Act; however, the offeror must invoke the protection of Section 2.2-4342F of the Code of Virginia, in writing, either before or at the time the data is submitted. The written notice must specifically identify

the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret materials submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line item prices and/or total proposal prices as proprietary or trade secrets is not acceptable and will result in rejection and return of the proposal.

4. Oral Presentation: Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to James Madison University. This provides an opportunity for the Offeror to clarify or elaborate on the proposal. This is a fact-finding and explanation session only and does not include negotiation. James Madison University will schedule the time and location of these presentations. Oral presentations are an option of the University and may or may not be conducted. Therefore, proposals should be complete.

B. SPECIFIC PROPOSAL INSTRUCTIONS

Proposals should be as thorough and detailed as possible so that James Madison University may properly evaluate your capabilities to provide the required services. Offerors are required to submit the following items as a complete proposal:

1. Return RFP cover sheet and all addenda acknowledgements, if any, signed and filled out as required.
2. Plan and methodology for providing the goods/services as described in Section IV. Statement of Needs of this Request for Proposal.
3. Offeror Data Sheet, included as *Attachment A* to this RFP.
4. Small Business Subcontracting Plan, included as *Attachment B* to this RFP. Offeror shall provide a Small Business Subcontracting plan which summarizes the planned utilization of Department of Small Business and Supplier Diversity (SBSD)-certified small businesses which include businesses owned by women and minorities, when they have received Department of Small Business and Supplier Diversity (SBSD) small business certification, under the contract to be awarded as a result of this solicitation. This is a requirement for all prime contracts in excess of \$100,000 unless no subcontracting opportunities exist.
5. Identify the amount of sales your company had during the last twelve months with each VASCUPP Member Institution. A list of VASCUPP Members can be found at: www.VASCUPP.org.
6. Proposed Cost. See Section X. Pricing Schedule of this Request for Proposal.

III. **EVALUATION AND AWARD CRITERIA**

| | <u>Points</u> |
| 1. Quality of products/services offered and suitability for intended purposes | 20 |

AWARD TO MULTIPLE OFFERORS: Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals on the basis of the evaluation factors included in the Request for Proposals, including price, if so stated in the Request for Proposals. Negotiations shall be conducted with the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the agency shall select the offeror which, in its opinion, has made the best proposal, and shall award the contract to that offeror. The Commonwealth reserves the right to make multiple awards as a result of this solicitation. The Commonwealth may cancel this Request for Proposals or reject proposals at any time prior to an award, and is not required to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous. Should the Commonwealth determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror. The award document will be a contract incorporating by reference all the requirements, terms and conditions of the solicitation and the contractor's proposal as negotiated.

IV. GENERAL TERMS AND CONDITIONS

- A. **PURCHASING MANUAL:** This solicitation is subject to the provisions of the Commonwealth of Virginia's Purchasing Manual for Institutions of Higher Education and Their Vendors and any revisions thereto, which are hereby incorporated into this contract in their entirety. A copy of the manual is available for review at the purchasing office. In addition, the manual may be accessed electronically at <http://www.jmu.edu/procurement> or a copy can be obtained by calling Procurement Services at (540) 568-3145.
- B. **APPLICABLE LAWS AND COURTS:** This solicitation and any resulting contract shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the Commonwealth. The Contractor shall comply with applicable federal, state and local laws and regulations.
- C. **ANTI-DISCRIMINATION:** By submitting their proposals, offerors certify to the Commonwealth that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and §10 of the Rules Governing Procurement, Chapter 2, Exhibit J, Attachment 1 (available for review at <http://www.jmu.edu/procurement>). If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and

programs funded with public funds shall be subject to audit by the public body. (*§6 of the Rules Governing Procurement*).

In every contract over \$10,000 the provisions in 1. and 2. below apply:

1. During the performance of this contract, the contractor agrees as follows:
 - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.
 - c. Notices, advertisements, and solicitations placed in accordance with federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting these requirements.
2. The contractor will include the provisions of 1. Above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

- D. ETHICS IN PUBLIC CONTRACTING: By submitting their proposals, offerors certify that their proposals are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.
- E. IMMIGRATION REFORM AND CONTROL ACT OF 1986: By entering into a written contract with the Commonwealth of Virginia, the Contractor certifies that the Contractor does not, and shall not during the performance of the contract for goods and services in the Commonwealth, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.
- F. DEBARMENT STATUS: By submitting their proposals, offerors certify that they are not currently debarred by the Commonwealth of Virginia from submitting proposals on contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.
- G. ANTITRUST: By entering into a contract, the contractor conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said contract.
- H. MANDATORY USE OF STATE FORM AND TERMS AND CONDITIONS RFPs: Failure to submit a proposal on the official state form provided for that purpose may be a cause for

rejection of the proposal. Modification of or additions to the General Terms and Conditions of the solicitation may be cause for rejection of the proposal; however, the Commonwealth reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such a proposal.

I. CLARIFICATION OF TERMS: If any prospective offeror has questions about the specifications or other solicitation documents, the prospective offeror should contact the buyer whose name appears on the face of the solicitation no later than five working days before the due date. Any revisions to the solicitation will be made only by addendum issued by the buyer.

J. PAYMENT:

1. To Prime Contractor:

- a. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the state contract number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).
- b. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
- c. All goods or services provided under this contract or purchase order, that are to be paid for with public funds, shall be billed by the contractor at the contract price, regardless of which public agency is being billed.
- d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
- e. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (*Rules Governing Procurement, Chapter 2, Exhibit J, Attachment 1 § 53; available for review at <http://www.jmu.edu/procurement>*).

2. To Subcontractors:

- a. A contractor awarded a contract under this solicitation is hereby obligated:
 - (1) To pay the subcontractor(s) within seven (7) days of the contractor's receipt of payment from the Commonwealth for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
 - (2) To notify the agency and the subcontractors, in writing, of the contractor's intention to withhold payment and the reason.
- b. The contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the contractor that remain unpaid seven (7) days following receipt of payment from the Commonwealth, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.
3. Each prime contractor who wins an award in which provision of a SWAM procurement plan is a payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWAM procurement plan. Final payment under the contract in question may be withheld until such certification is delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment.
4. The Commonwealth of Virginia encourages contractors and subcontractors to accept electronic and credit card payments.
- K. PRECEDENCE OF TERMS: Paragraphs A through J of these General Terms and Conditions and the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors, shall apply in all instances. In the event there is a conflict between any of the other General Terms and Conditions and any Special Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.
- L. QUALIFICATIONS OF OFFERORS: The Commonwealth may make such reasonable investigations as deemed proper and necessary to determine the ability of the offeror to perform the services/furnish the goods and the offeror shall furnish to the Commonwealth all such information and data for this purpose as may be requested. The Commonwealth reserves the right to inspect offeror's physical facilities prior to award to satisfy questions regarding the offeror's capabilities. The Commonwealth further reserves the right to reject any proposal if the evidence submitted by, or investigations of, such offeror fails to satisfy the Commonwealth that such offeror is properly qualified to carry out the obligations of the contract and to provide the services and/or furnish the goods contemplated therein.
- M. TESTING AND INSPECTION: The Commonwealth reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications.
- N. ASSIGNMENT OF CONTRACT: A contract shall not be assignable by the contractor in whole or in part without the written consent of the Commonwealth.
- O. CHANGES TO THE CONTRACT: Changes can be made to the contract in any of the following ways:

1. The parties may agree in writing to modify the scope of the contract. An increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the scope of the contract.
 2. The Purchasing Agency may order changes within the general scope of the contract at any time by written notice to the contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The contractor shall comply with the notice upon receipt. The contractor shall be compensated for any additional costs incurred as the result of such order and shall give the Purchasing Agency a credit for any savings. Said compensation shall be determined by one of the following methods:
 - a. By mutual agreement between the parties in writing; or
 - b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the contractor accounts for the number of units of work performed, subject to the Purchasing Agency's right to audit the contractor's records and/or to determine the correct number of units independently; or
 - c. By ordering the contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present the Purchasing Agency with all vouchers and records of expenses incurred and savings realized. The Purchasing Agency shall have the right to audit the records of the contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the Purchasing Agency within thirty (30) days from the date of receipt of the written order from the Purchasing Agency. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in accordance with the procedures for resolving disputes provided by the Disputes Clause of this contract or, if there is none, in accordance with the disputes provisions of the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the contractor from promptly complying with the changes ordered by the Purchasing Agency or with the performance of the contract generally.
- P. DEFAULT: In case of failure to deliver goods or services in accordance with the contract terms and conditions, the Commonwealth, after due oral or written notice, may procure them from other sources and hold the contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the Commonwealth may have.
- Q. INSURANCE: By signing and submitting a proposal under this solicitation, the offeror certifies that if awarded the contract, it will have the following insurance coverage at the time the contract is awarded. For construction contracts, if any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with § 25 of the Rules Governing Procurement – Chapter 2, Exhibit J, Attachment 1, and 65.2-800 et. Seq. of the Code of Virginia (available for review at <http://www.jmu.edu/procurement>) The offeror further certifies that the contractor and any subcontractors will maintain these insurance coverage during the entire term of the contract and that all insurance coverage will be provided

by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission.

J. SMALL BUSINESS SUBCONTRACTING AND EVIDENCE OF COMPLIANCE:

1. It is the goal of the Commonwealth that 42% of its purchases are made from small businesses. This includes discretionary spending in prime contracts and subcontracts. All potential offerors are required to submit a Small Business Subcontracting Plan. Unless the offeror is registered as a Department of Small Business and Supplier Diversity (SBSD)-certified small business and where it is practicable for any portion of the awarded contract to be subcontracted to other suppliers, the contractor is encouraged to offer such subcontracting opportunities to SBSD-certified small businesses. This shall not exclude SBSD-certified women-owned and minority-owned businesses when they have received SBSD small business certification. No offeror or subcontractor shall be considered a Small Business, a Women-Owned Business or a Minority-Owned Business unless certified as such by the Department of Small Business and Supplier Diversity (SBSD) by the due date for receipt of proposals. If small business subcontractors are used, the prime contractor agrees to report the use of small business subcontractors by providing the purchasing office at a minimum the following information: name of small business with the SBSD certification number or FEIN, phone number, total dollar amount subcontracted, category type (small, women-owned, or minority-owned), and type of product/service provided. **This information shall be submitted to: JMU Office of Procurement Services, Attn: SWAM Subcontracting Compliance, MSC 5720, Harrisonburg, VA 22807.**
2. Each prime contractor who wins an award in which provision of a small business subcontracting plan is a condition of the award, shall deliver to the contracting agency or institution with every request for payment, evidence of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the small business subcontracting plan. **This information shall be submitted to: JMU Office of Procurement Services, SWAM Subcontracting Compliance, MSC 5720, Harrisonburg, VA 22807.** When such business has been subcontracted to these firms and upon completion of the contract, the contractor agrees to furnish the purchasing office at a minimum the following information: name of firm with the Department of Small Business and Supplier Diversity (SBSD) certification number or FEIN number, phone number, total dollar amount subcontracted, category type (small, women-owned, or minority-owned), and type of product or service provided. Payment(s) may be withheld until compliance with the plan is received and confirmed by the agency or institution. The agency or institution reserves the right to pursue other appropriate remedies to include, but not be limited to, termination for default.
3. Each prime contractor who wins an award valued over \$200,000 shall deliver to the contracting agency or institution with every request for payment, information on use of subcontractors that are not Department of Small Business and Supplier Diversity (SBSD)-

certified small businesses. When such business has been subcontracted to these firms and upon completion of the contract, the contractor agrees to furnish the purchasing office at a minimum the following information: name of firm, phone number, FEIN number, total dollar amount subcontracted, and type of product or service provided. **This information shall be submitted to: JMU Office of Procurement Services, Attn: SWAM Subcontracting Compliance, MSC 5720, Harrisonburg, VA 22807.**

Any business entity described above that enters into a contract with a public body shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth, if so required under Title 13.1 or Title 50, to be revoked or cancelled at any time during the term of the contract. A public body may void any contract with a business entity if the business entity fails to remain in compliance with the provisions of this section.
- L. PUBLIC POSTING OF COOPERATIVE CONTRACTS: James Madison University maintains a web-based contracts database with a public gateway access. Any resulting cooperative contract/s to this solicitation will be posted to the publicly accessible website. Contents identified as proprietary information will not be made public.
- M. CRIMINAL BACKGROUND CHECKS OF PERSONNEL ASSIGNED BY CONTRACTOR TO PERFORM WORK ON JMU PROPERTY: The Contractor shall obtain criminal background checks on all of their contracted employees who will be assigned to perform services on James Madison University property. The results of the background checks will be directed solely to the Contractor. The Contractor bears responsibility for confirming to the University contract administrator that the background checks have been completed prior to work being performed by their employees or subcontractors. The Contractor shall only assign to work on the University campus those individuals whom it deems qualified and permissible based on the results of completed background checks. Notwithstanding any other provision herein, and to ensure the safety of students, faculty, staff and facilities, James Madison University reserves the right to approve or disapprove any contract employee that will work on JMU property. Disapproval by the University will solely apply to JMU property and should have no bearing on the Contractor's employment of an individual outside of James Madison University.
- N. INDEMNIFICATION: Contractor agrees to indemnify, defend and hold harmless the Commonwealth of Virginia, its officers, agents, and employees from any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by the use of any materials, goods, or equipment of any kind or nature furnished by the contractor/any services of any kind or nature furnished by the contractor, provided that such liability is not attributable to the sole negligence of the using agency or to failure of the using agency to use the materials, goods, or equipment in the manner already and permanently described by the contractor on the materials, goods or equipment delivered.
- O. ADDITIONAL GOODS AND SERVICES: The University may acquire other goods or services that the supplier provides than those specifically solicited. The University reserves the right, subject to mutual agreement, for the Contractor to provide additional goods and/or services under the same pricing, terms, and conditions and to make modifications or enhancements to the existing goods and services. Such additional goods and services may include other products, components, accessories, subsystems, or related services that are newly

introduced during the term of this Agreement. Such additional goods and services will be provided to the University at favored nations pricing, terms, and conditions.

- P. PRIME CONTRACTOR RESPONSIBILITIES: The contractor shall be responsible for completely supervising and directing the work under this contract and all subcontractors that he may utilize, using his best skill and attention. Subcontractors who perform work under this contract shall be responsible to the prime contractor. The contractor agrees that he is as fully responsible for the acts and omissions of his subcontractors and of persons employed by them as he is for the acts and omissions of his own employees.
- Q. SUBCONTRACTS: No portion of the work shall be subcontracted without prior written consent of the purchasing agency. In the event that the contractor desires to subcontract some part of the work specified herein, the contractor shall furnish the purchasing agency the names, qualifications and experience of their proposed subcontractors. The contractor shall, however, remain fully liable and responsible for the work to be done by its subcontractor(s) and shall assure compliance with all requirements of the contract.
- R. WORK SITE DAMAGES: Any damage to existing utilities, equipment or finished surfaces resulting from the performance of this contract shall be repaired to the Commonwealth's satisfaction at the contractor's expense.
- S. KEYS: If the Contractor is given keys for this project, it is the Contractor's responsibility to return the keys when the contract is terminated, as well as for the safekeeping of the keys during the contract period. The Contractor shall not loan or duplicate the keys. In the event the Contractor loses the keys, they will be charged for the replacement of the keys and any locks which are rekeyed or replaced.
- T. LATE BIDS: To be considered for selection, proposals shall be received by the issuing office by the designated date and hour. The official time used in the receipt of proposals is that time on the automatic time stamp machine in the issuing office. Proposals received in the issuing office after the date and hour designated are automatically non-responsive and will not be considered. The University is not responsible for delays in the delivery of mail by the U.S. Postal Service, private couriers, or the intra-university mail system. It is the sole responsibility of the offeror to ensure that its proposal reaches the issuing office by the designated date and hour.

Contractor and Contractor's personnel shall exercise a particularly high level of discipline, safety and cooperation at all times while on the job site. The Contractor shall be responsible for controlling employee conduct, for assuring that its employees are not boisterous or rude, and assuring that they are not engaging in any destructive or criminal activity. The Contractor is also responsible for ensuring that its employees do not disturb papers on desks, or open desk drawers, cabinets, or briefcases, or use State phones, and the like, except as authorized.

VI. METHOD OF PAYMENT
