

COMMONWEALTH OF VIRGINIA  
STANDARD CONTRACT

Contract No. UCPJMU6094

This contract entered into this 19<sup>th</sup> day of July 2021, by RVA Security Integrators, Inc. hereinafter called the "Contractor" and Commonwealth of Virginia, James Madison University called the "Purchasing Agency".

WITNESSETH that the Contractor and the Purchasing Agency, in consideration of the mutual covenants, promises and agreements herein contained, agree as follows:

SCOPE OF CONTRACT: The Contractor shall provide the services to the Purchasing Agency as set forth in the Contract Documents.

PERIOD OF PERFORMANCE: From July 28, 2021 through July 27, 2022 with 4 one-year renewal options.

The contract documents shall consist of:

- (1) This signed form;
- (2) The following portions of the Request for Proposal MPM-1119 dated May 26, 2021:
  - (a) The Statement of Needs,
  - (b) The General Terms and Conditions,
  - (c) The Special Terms and Conditions together with any negotiated modifications of those Special Conditions;
- (3) The Contractor's Proposal dated June 22, 2021 and the following negotiated modification to the Proposal, all of which documents are incorporated herein.
  - (a) Negotiations Summary, dated July 16, 2021.

IN WITNESS WHEREOF, the parties have caused this Contract to be duly executed intending to be bound thereby.

CONTRACTOR:

By: *D. M. Oxford*

## Statement of Needs

### F. General

a. Security 101's approach to providing video surveillance installation services and equipment follows the same process for both large and small projects. Our process is based off PMI's Project Management Methodology and is scaled based upon the size of the project. Security 101 would have a member of the account management team meet with representatives from the University to understand the needs of the University. Once these business requirements are fully understood, we will design a solution that is aligned with the strategic direction, compatible, and scalable with the Universities overall security plan. This design will be reviewed with the stakeholders and upon approval, the account rep would quote the project for the University. Once the proposal is accepted and a Purchase Order is issued, a Security 101 project manager will be assigned to the project and coordinate the project with representatives from the University.

b. When providing video installation services and equipment to other higher education institutions, the best example Security 101 has is the relationship with the University of Virginia. The process of quoting, starting, and completing projects is the same as what was described in section A above. Our approach would be to have a standing weekly meeting with the account manager and project manager involved with their institution. In this weekly meeting, both sides provide updates on future projects and on-going projects to help forecast when projects will be completed and keep track of when future projects will need to be completed. Security 101 is also comfortable working with many different departments within a large university environment to help bridge gaps between departments that helps projects run more efficiently. Security 101 also understands that video surveillance technology has applications past security that can help departments run more efficiently. Security 101 understands that each department of a university may have different retention requirements for video and has experience designing systems that meet Library of Virginia Retention Schedules.

c. Examples of recent projects are as follows:

- UVA Health – Ivy Mountain Security Cameras \$230,000. (103 Cameras, Ongoing project, Contact is Sally LeBeau - [sbs5h@hscmail.mcc.virginia.edu](mailto:sbs5h@hscmail.mcc.virginia.edu))
- Greater Richmond Convention Center – IP Camera Upgrades \$120,000 (44 Multi-Sensor Cameras, 16 days on site, Contact is Jeremy Phillips [jphillips@greaterrichmondcc.com](mailto:jphillips@greaterrichmondcc.com))
- UVA Police Department – Camera Repair Project \$55,000. (23 Cameras, 10 Days on site, Contact is Carey Drayton the Director of Safety and Security [cdrayton@virginia.edu](mailto:cdrayton@virginia.edu))
- New Kent County – Video System Upgrade \$200,000 (121 cameras, 7 servers, 5-year Maintenance Plan, Ongoing, Contact is Jonathan Stanger [jrstanger@co.newkent.state.va.us](mailto:jrstanger@co.newkent.state.va.us))

d. Security 101 has an Engineering department that is responsible for system design and upgrades. Our Engineering department works in conjunction with our account team to fully understand

## Statement of Needs

customer requirements to design our integrated solutions that meet our customer's needs. Once the design is finalized, our project management team oversees the implementation of these systems using factory-certified technicians. Once a system has been implemented, we work with our customers to plan out the upgrade schedule in conjunction with evolving business requirements and system functionality. We are an advocate of either annual or bi-annual system upgrades, as these system releases fix bugs in previous revisions, as well as introduce new functionality.

e. All Security 101 projects come with a one-year parts and labor warranty on all Security 101 provided and installed equipment. Security 101 offers all our customers a maintenance plan which can extend the warranty for up to an additional four years. For customers who choose a time and materials based maintenance approach, the equipment is covered based upon the warranty from the manufacturer, and the labor would be on a time and materials basis after the initial year.

f. Copies of DCJS licenses are provided at the end of this document.

g. Security 101 believes in having factory-certified personnel in all systems we support. Given this strategy, we maintain a wide variety of certifications and we would be happy to provide JMU with a list of certifications related to the systems that are implemented.

h. Scott Mullins – Director of Operations, 40 years of experience in the low voltage security industry. Carl Quick – Technical Project Manager / Senior Technical Support Specialist, 20 years of experience in the low voltage security industry. Greg Moore – Lead Installation Technician, 10 years of experience in the low voltage security industry. Lee Beale – Account Manager (Primary Point of Contact)

i. Security 101's approach for backups and disaster recovery is specific to each customer's needs. We partner with all stakeholders, which are primarily the end-users of the systems, and the IT department to understand what is needed from a process standpoint. Once we understand the processes, we work with our customers to implement the appropriate strategy. This could be anything from all cameras have SD cards for local recording in the event of a loss of connectivity to the recording server to implementing the appropriate RAID configuration to implementing failover and load balancing between data centers.

j. The payment terms of a project will be determined at the time of proposal review and will be based on the size of the project. When it comes time to invoice, JMU will receive an invoice with the associated project information and payment amount. Please see samples at the end of this document.

## Statement of Needs

k. Security 101 is a system integrator and can tie multiple systems together into a fully integrated solution. The systems Security 101 can integrate include the following: video management systems, access control systems, intrusion detection systems, intercom and tele-entry systems, mass notification systems, wireless solutions, visitor management systems, cable and fiber optic installation, and unique software solutions for market-specific security challenges. The cost of these services varies from project to project.

### G. Equipment

a. Security 101 has experience with most video surveillance camera manufacturers; however, we only maintain certifications with the manufacturers whom we partner with on an ongoing basis. Our experience in the breadth of technologies puts us in a good position to provide design and troubleshooting assistance. Given this breadth, Security 101 does have experience with all different IP camera types and the associated software side of these systems.

b. Security 101 has been operating in the Virginia market for over seven years and nationally for over 15 years. One of our three core business offerings is video surveillance and more specifically, IP-based video surveillance systems. We do not only design systems with the camera and server in mind but also the network implications. When evaluating network impacts, it is important to not only understand the bandwidth from the camera side but also on the client side. This is one area that is often overlooked.

c. Security 101's team has years of experience with Network Video Recorders. Security 101 also has worked with a variety of different system architectures including distributed, centralized, hybrid, and cloud systems. Security 101 has helped higher education institutions move from one architecture to the other in a seamless manner.

d. Security 101 maintains close relationships with multiple manufacturers to give our customers a variety of different solutions and competitive discounts. The list of available manufacturers is as follows:

- Axis Communications
- Hanwha Techwin
- Avigilon
- Exacq
- Honeywell
- Ilustra
- Milestone
- Genetec
- Brivo

## Statement of Needs

- Seneca

e. Upon award of this contract, Security 101 would work with JMU to provide a catalog of the desired manufacturers and the list discount Security 101 has with the associated manufacturer. Regarding box sales, Security 101 will provide a quote at the established price.

## H. Service

a. All Security 101 personnel assigned to service JMU would be factory-certified in the desired manufacturers and be trained in the installation and servicing of the installed equipment. Our entire Operations Department is managed by our Director of Operations. They are responsible for setting our standards and operating procedures. Our Director of Operations manages our Project Managers and Service Manager. Our Project Managers and Service Manager are responsible for the quality delivery of all our services.

b. The account manager assigned to James Madison University will consult on best practices and help choose the correct cameras for specific projects. When James Madison University has a request, the account manager will schedule a site walk with the University to make recommendations and suggestions for the equipment on a per-project basis.

c. During the design phase of a project, we seek to understand our customer's training needs and we build this into each of our quotes. Our training sessions are anywhere from classroom training blocks across multiple shifts to webinar training to providing access to recorded training. If our customer desires customized training material, we create and deliver this based upon their requirements.

d. The typical turn-around time for projects has several variables. Once a project has been mobilized, the first topic discussed in our project kick-off meetings is roles and responsibilities and understanding what dependencies exist. We then verify product availability. Assuming there are no dependencies impacting schedule or product availability issues, we typically start projects within four weeks of mobilization.

e. If James Madison University finds that there is malfunctioning/non-conforming equipment, they can contact Security 101 by phone, email, or online and Security 101 will work with JMU to identify the problem and resolve it.

## Statement of Needs

f. Security 101 provides 24-hour support at our published service rates through our after hour's support phone number.

g. Security 101 has guaranteed service response times for our customers who have a maintenance plan. These response times vary depending on the customer needs and their maintenance plan tier. For our customers who desire time and material service, we schedule this using a first come, first serve method while also factoring in criticality. Our service department is staffed based upon our projected demand with the intent of providing initial service within 72 business hours of notification.

h. Security 101 can provide maintenances contracts ranging from 1-5 years and cost is based on the amount and age of equipment the customer wants covered.

i. Maintenance contracts are customized to fit customer requirements and can cover as much or as little as the customer requires.

j. Security 101 is a system integrator and can tie multiple systems together into a fully integrated solution. The systems Security 101 can integrate include the following: video management systems, access control systems, intrusion detection systems, intercom and tele-entry systems, mass notification systems, wireless solutions, visitor management systems, cable and fiber optic installation, and unique software solutions for market-specific security challenges. The cost of these services varies from project to project.

k. Installer - \$90

Programmer - \$105

Service Technician - \$100

## IX. METHOD OF PAYMENT

The contractor will be paid based on invoices submitted in accordance with the solicitation and any negotiations. James Madison University recognizes the importance of expediting the payment process for our vendors and suppliers; we request that our vendors and suppliers enroll in our bank's Comprehensive Payable options: either the Virtual Payables Virtual Card or the PayMode-X electronic deposit (ACH) to your bank account so that future payments are made electronically. Contractors signed up for the Virtual Payables process will receive the benefit of being paid Net 15. Additional information is available online at:

<http://www.jmu.edu/financeoffice/accounting-operations-disbursements/eash-investments/vendor-payment-methods.shtml>

## X. PRICING SCHEDULE

The offeror shall provide pricing for all products and services included in proposal indicating one-time and on-going costs. The resulting contract will be cooperative and pricing shall be inclusive for the attached Zone Map, of which JMU falls within Zone 2. Add additional rows as needed. Any on-premises labor rates shall be inclusive of travel and other overhead.

Specify any associated charge card processing fees, if applicable, to be billed to the university. Vendors shall provide their VISA registration number when indicating charge card processing fees. Any vendor requiring information on VISA registration may refer to

<https://usa.visa.com/support/small-business/regulations-fees.html> and for questions <https://usa.visa.com/dam/VCOM/global/support-legal/documents/merchant-surcharging-qa-for-web.pdf>.

PRICING SCHEDULE BY ZONE									
	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5	Zone 6	Zone 7	Zone 8	Zone 9

### OFFEROR DATA SHEET

#### TO BE COMPLETED BY OFFEROR

1. QUALIFICATIONS OF OFFEROR: Offerors must have the capability and capacity in all respects to fully satisfy the contractual requirements.
2. YEARS IN BUSINESS: Indicate the length of time you have been in business providing these types of goods and services.

Years 7 Months 8

3. REFERENCES: Indicate below a listing of at least five (5) organizations, either commercial or governmental/educational, that your agency is servicing. Include the name and address of the person the purchasing agency has your permission to contact.

CLIENT	LENGTH OF SERVICE	ADDRESS	CONTACT PERSON/PHONE #
University of Virginia	2015-Present	Carey Drayton	(434)-924-3328
Virginia Workers Compensation Commission	2016-Present	Chad Burns	(804)-205-3168
New Kent County	2015-Present	Jonathan Stanger	(804)-966-9695
Owen's & Minor	2017-Present	Steven Duke	(804)-723-7018
Charlottesville City School	2019-Present	Tim Beasley	(434)-245-2596

4. List full names and addresses of Offeror and any branch offices which may be responsible for administering the contract.

Demus Oxford, President, 425 Southlake Boulevard, Suite 2B Richmond, VA 23236

5. RELATIONSHIP WITH THE COMMONWEALTH OF VIRGINIA: Is any member of the firm an employee of the Commonwealth of Virginia who has a personal interest in this contract pursuant to the CODE OF VIRGINIA, SECTION 2.2-3100 – 3131?

[ ] YES [x] NO

IF YES, EXPLAIN:

## ATTACHMENT B

Small, Women and Minority-owned Businesses (SWaM) Utilization Plan  
**Offeror Name:** RVA Security Integrators Inc. **Preparer Name:** Demus Oxford

**Date:** 6-22-21

Is your firm a **Small Business Enterprise** certified by the Department of Small Business and Supplier Diversity (SBSD)? Yes X No       

If yes, certification number: 708765 Certification date: 4-2-2023

Is your firm a **Woman-owned Business Enterprise** certified by the Department of Small Business and Supplier Diversity (SBSD)? Yes        No X

If yes, certification number:        Certification date:       

Is your firm a **Minority-Owned Business Enterprise** certified by the Department of Small Business and Supplier Diversity (SBSD)? Yes        No X

If yes, certification number:        Certification date:       

Is your firm a **Micro Business** certified by the Department of Small Business and Supplier Diversity (SBSD)? Yes X No       

If yes, certification number:        Certification date:       

**Instructions:** *Populate the table below to show your firm's plans for utilization of small, women-owned and minority-owned business enterprises in the performance of the contract. Describe plans to utilize SWaMs businesses as part of joint ventures, partnerships, subcontractors, suppliers, etc.*

**Small Business:** "Small business " means a business, independently owned or operated by one or more persons who are citizens of the United States or non-citizens who are in full compliance with United States immigration law, which, together with affiliates, has 250 or fewer employees, or average annual gross receipts of \$10 million or less averaged over the previous three years.

**Woman-Owned Business Enterprise:** A business concern which is at least 51 percent owned by one or more women who are U.S. citizens or legal resident aliens, or in the case of a corporation, partnership or limited liability company or other entity, at least 51 percent of the equity ownership interest in which is owned by one or more women, and whose management and daily business operations are controlled by one or more of such individuals. **For purposes of the SWaM Program, all certified women-owned businesses are also a small business enterprise.**

**Minority-Owned Business Enterprise:** A business concern which is at least 51 percent owned by one or more minorities or in the case of a corporation, partnership or limited liability company or other entity, at least 51 percent of the equity ownership interest in which is owned by one or more minorities and whose management and daily business operations are controlled by one or more of such individuals. **For purposes of the SWaM Program, all certified minority-owned businesses are also a small business enterprise.**

**Micro Business** is a certified Small Business under the SWaM Program and has no more than twenty-five (25) employees **AND** no more than \$3 million in average annual revenue over the three-year period prior to their certification.

**All small, women, and minority owned businesses must be certified by the Commonwealth of Virginia Department of Small Business and Supplier Diversity (SBSD) to be counted in the SWaM program. Certification applications are available through SBSd at 800-223-0671 in Virginia, 804-786-6585 outside Virginia, or online at <http://www.sbsd.virginia.gov/> (Customer Service).**

Re: Example proposal for JMU Bid

Dear Test Account:

Thank you very much for the opportunity to provide this proposal. We've based this particular system design on information that we've gathered from prior conversations and feel this proposal reflects the best design for your specific application. Please keep us updated on any changes that you feel may be relevant to this project.

As an industry leader in commercial security system integration, we feel uniquely qualified to meet and exceed all of your security expectations. Some of Security 101's key qualifications include:

**DIRECT-OWNER INVOLVEMENT:** Owner is directly involved in all aspects of the day-to-day sales and operations side of the company.

**EXPERTISE:** Over 40 years of experience in all aspects of the security industry.

**NATIONAL AFFILIATION:** As part of the Security 101 family, we are able to tap into the expertise and buying power of a national company, while still maintaining local service and support.

**CUSTOMER-FOCUS:** We are passionately focused on developing long-term partnerships with our clients.

**PRODUCTS & SERVICES:** Access to, as well as certification in, many mid-to-high end products. This allows us to offer the best product for each application, rather than a one-size-fits-all approach. Some of the systems that we offer include:

- Access Control Systems - Video Surveillance Systems
- Intrusion Detection Systems - Visitor Management Systems
- Engineering/Design - Service of Existing Security Systems

Once again, thank you very much for this opportunity. Please don't hesitate to contact us with any questions that you may have.

Regards,

Demus Oxford

## Limited Warranty; Exclusions and Disclaimers

THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THOSE SET FORTH ON THE FACE HEREOF

1. To the extent not otherwise warranted pursuant to an applicable manufacturer's warranty, Security 101 warrants all Equipment and installation labor rendered as part of the Work against defects in materials and labor for a period of twelve (12) months (the 'Warranty Period') from the date of substantial completion of the installation; provided, however, no warranty is made as to, and there is specifically excluded from the warranty, any and all expendable supplies, equipment and parts, or any portions of the Work which have been misused, abused, not used in the manner intended, neglected, or damaged by an act of God or altered, modified, or manipulated in any manner by Customer or a third party. Any defect in the installation during the Warranty Period will be repaired or replaced at the option of Security 101. Any shipping charges in connection with a repair or replacement shall be the responsibility of Customer. The repair or replacement of defective materials or labor shall constitute Customer's sole and exclusive remedy against Security 101. This warranty includes service during standard business hours and shall remain in force provided that the monthly payments are made on time. Failure to make monthly payments on time shall result in cancellation of the materials and labor warranty and termination of the Warranty Period from the time of payment default.

2. Security 101 MAKES NO OTHER OR FURTHER WARRANTY WITH RESPECT TO INSTALLATION LABOR, MATERIALS AND EQUIPMENT OR ANY OTHER PORTION OF THE WORK OTHER THAN THE FOREGOING WARRANTY AND SPECIFICALLY DISCLAIMS ANY AND ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

3. IN NO EVENT SHALL Security 101 BE LIABLE TO CUSTOMER OR ANY THIRD PARTY FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES OR FOR LOST PROFITS, LOST SALES, INJURY TO PERSON OR PROPERTY OR ANY OTHER CAUSE AS A RESULT OF A DEFECT IN LABOR, EQUIPMENT OR OTHER SUPPLIES OR MATERIALS WITH RESPECT TO ANY ITEM FURNISHED UNDER THE AGREEMENT, MALFUNCTION OR NONFUNCTION OF ANY SYSTEM, WRONGFUL PERFORMANCE OF OR FAILURE TO PERFORM ANY ACTS INCLUDED IN THE WORK, TRANSPORTATION DELAYS OR BREACH OF WARRANTY.

4. Customer acknowledges that no warranty, representation, or statement by any representative of Security 101 not stated herein shall be binding. This writing, and the document or documents attached hereto or of which this writing is a part, if any, constitutes the final expression of the parties' agreement and is a complete and exclusive statement of the terms of the Agreement.

## Limitation of Liability

5. The parties understand and agree that: (a) the Work is intended to constitute or be part of a security system designed to reduce risk of loss for the Customer; (b) Customer has selected, accepted and approved the Scope of Work after considering and balancing the levels of protection afforded by various types of systems and services available to it and the related costs of them; (c) neither Security 101 nor any person engaged by Security 101 to perform any portion of the Work shall be construed to be an insurer of the person or property of Customer, its employees, agents, contractors, assigns, customers, invitees or any other person at the location(s) where the work is performed (the "Location(s)"); (d) the Price and Payment Terms are based solely on the cost and value of Security 101 providing the Work and are unrelated to the value of property of Customer or others located at the Location(s); (e) the Price and Payment Terms do not contemplate any payment being made or consideration being given to Security 101 for any guarantee, warranty or insuring agreement by any one or more of them to Customer with respect to the person or property of anyone; (f) Security 101 MAKES NO GUARANTEE OR WARRANTY OF ANY KIND THAT THE WORK (INCLUDING ANY MATERIALS AND EQUIPMENT SUPPLIED AS PART OF THE WORK) WILL AVERT OR PREVENT OCCURRENCES OR CONSEQUENCES THEREFROM WHICH THE WORK IS DESIGNED TO DETECT OR AVERT.

6. Notwithstanding the foregoing provisions of this Section or for whatever reason, Security 101 should be found liable for personal injury or property loss or damage caused by a failure to perform by Security 101 or the failure of any materials or equipment in any respect whatsoever or a court of proper jurisdiction determines the limitations on warranties are inapplicable, Customer agrees that the aggregate liability of Security 101 under or with respect to the Agreement, the Work to be performed under, and any warranty provided pursuant to, the Agreement, shall be limited to a sum equal to the lesser of (i) one-tenth (1/10) of the total Price to be paid by Customer under the Agreement, (ii) if the Price is to be paid in monthly payments or installments (other than progress payments), an amount equal to six (6) monthly payments, or (iii) Five Hundred Dollars (\$500.00), and this liability shall be exclusive, and that the provisions of this subsection shall apply if loss or damage, irrespective of cause or origin, results directly or indirectly to persons or property, from performance or nonperformance of the Work, from breach of warranty, or from negligence, active or otherwise of Security 101.

## Indemnification

7. When Customer ordinarily has the property of others in its custody, or the Work extends to the protection of the person or property of others, Customer shall indemnify, save, defend and hold harmless Security 101 from and against all claims brought by parties other than the parties to the Agreement. This provision shall apply to all claims regardless of cause, including the performance or failure to perform by Security 101, and including without limitation, defects in products or system design, installation, repair service, monitoring, operation or non-operation of materials or equipment, whether based upon negligence, active or passive, express or implied contract or warranty, contribution or indemnification or strict or product liability; provided, however, Customer shall have no duty to indemnify in the case of gross negligence or willful misconduct by

Security 101, its employees, agents or assigns. Customer agrees to indemnify Security 101 against, and to defend and hold Security 101 harmless from any action for subrogation which may be brought against Security 101 by any insurer or insurance company or its agents or assigns including the payment of all damages, expenses, costs and reasonable attorney's fees.

Design Development, Programming, Drawings, Ownership, and Software License(s)

8. Design Development. Customer and Security 101 have together developed or will develop the design and specifications for the Work. When Customer has accepted or approved the design and specifications, the sole and final responsibility for the design and specifications shall be Customer's. Security 101 shall have no liability to Customer for any loss or damage claimed against or incurred by Customer or any employee, agent or licensee of Customer because of any defect or alleged defect in the design or specifications or the failure of the equipment or the Work to perform as desired or anticipated by Customer.

9. Programming. Security system programming is an essential element of the systems operation and performance. Customer acknowledges and agrees that security system programming is an ever-changing process, and in significant part subject to Customer's day-to-day and other business operations and parameters and the changes or modifications to them. To the extent required by the design and specifications of the Work, Security 101 shall:

(i) Load a configuration program that will allow Customer's security system to perform basic access control operation, door timers, lock timers, and basic alarm functions; and

(ii) Provide a total number of hours of personnel training regarding Customer's security system as specified in the Agreement; if a number of hours is not specified, the total number of hours of training shall not exceed fifteen (15). Personnel training may include training of operators, administrators, or other personnel designated by Customer. Training subjects shall be dictated by Work specifications but may include password configuration, door identification, timers, alarms and reports. Additional training, programming or related consulting services provided by Security 101 at Customer's request shall be provided at an above contract cost.

10. Drawings:

(i) To the extent required by the design and specifications of the Work, Security 101 shall provide reasonable descriptions of the functional operation of the system(s) being provided by the Work by furnishing riser diagram drawings.

(ii) Security 101 may provide, at Customer's request and at an above contract cost, detail drawings utilizing industry standard electronic floor plans.

11. Ownership. Prior to completion of the Work, any drawings, specifications and equipment lists developed in connection with the design for the Work shall remain the property of Security 101 whether the Work for which they were made is executed or not. Drawings, specifications and equipment lists shall be returned to Security 101 on demand at any time prior to substantial completion of the Work. Prior to substantial completion of the Work, any drawings, specifications and equipment lists: (a) shall be considered confidential information and trade secrets of Security 101 unless they constitute information which is exempted or excluded by law from confidential and trade secret status; (b) shall not be used by Customer on other projects or extensions of a project included within the Work, or to obtain other bids, except by agreement in writing and with appropriate compensation to Security 101; and (c) are not to be reproduced in whole or in part without prior written consent of Security 101. Upon substantial completion of the Work and final payment in full by Customer, ownership of drawings, specifications and equipment lists shall become Customer's.

12. Software License(s). Software required to operate systems are governed by the License Agreement provided by the system manufacturer(s).

### **Video System Terms & Conditions**

13. A dedicated circuit is recommended for the CCTV system, but not included.

14. Current and future lighting requirements are the responsibility of others.

15. Appropriate furniture or shelving for CCTV recording equipment is not included, unless specifically identified in the scope of work and/or the equipment list.

### **Additional Terms & Conditions**

Installation

16. All required installation documents are included.
17. Installation of all required equipment and materials with on-site supervision of project is included.
18. Labor quoted assumes normal eight (8) hour working days, excluding weekends, holidays and overtime.
19. Idle time incurred by Security 101 employees and their subcontractors due to escorts, clearances, inability to enter workspace, and other factors beyond our control, will be invoiced at our current labor rates.
20. This proposal includes travel to and from the site to perform our stated scope of work. Additional or duplicate site visits required due to factors beyond our control, will be invoiced at our current labor rates.
21. Client to coordinate with local Security 101 staff to provide safe and timely right-of-passage in the work area during cable run and system installation.
22. Client to provide and coordinate 110 VAC electrical service where needed.
23. All LAN/WAN connections, addressing and network functionality are the responsibility of the Client.
24. Any telephone lines or LAN/WAN connections must be installed and operational prior to Security 101 commencing work. The local Security 101 representative will verify the availability and functionality of all connections prior to starting work.

#### Changes in Scope of Work

25. Any changes in the understood scope of work will be communicated and approved in writing (by an authorized Client representative), prior to commencing work.

#### Permits/Bonding/Sealed Engineered Drawings

26. Permits, bonds, and other requirements by any government agency are not included.

#### Miscellaneous

27. The bold headings and numbered paragraphs are for convenience only, have no legal significance, and shall not be deemed to alter or effect any provision of this Agreement.
28. Neither party shall be liable in damages or have the right to terminate this Agreement for any delay or default in performing hereunder if such delay or default is caused by conditions beyond its control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected.
29. Neither party shall be liable for any failure or delay in performance under this Agreement (other than for delay in the payment of money due and payable hereunder) to the extent said failures or delays are proximately caused by causes beyond that party's reasonable control and occurring without its fault or negligence, including, without limitation, failure of suppliers, subcontractors, and carriers, or party to substantially meet its performance obligations under this Agreement, provided that, as a condition to the claim of non-liability, the party experiencing the difficulty shall give the other prompt written notice, with full details following the occurrence of the cause relied upon. Dates by which performance obligations are scheduled to be met will be extended for a period of time equal to the time lost due to any delay so caused.
30. In the event that any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions of this agreement, but this agreement shall be construed as if such invalid, illegal or unenforceable provisions had never been contained herein, unless the deletion of such provision or provisions would result in such a material change so as to cause completion of the transactions contemplated herein to be unreasonable.

## **I. PURPOSE**

The purpose of this Request for Proposal (RFP) is to solicit sealed proposals from qualified sources to enter into a contract to provide Video Surveillance Services and Equipment for James Madison University (JMU), an agency of the Commonwealth of Virginia. Initial contract shall be for one (1) year with an option to renew for four (4) additional one-year periods.

## **II. BACKGROUND**

James Madison University (JMU) is a comprehensive public institution in Harrisonburg, Virginia with an enrollment of nearly 22,000 students and over 3,000 faculty and staff. There are over 600 individual departments on campus that support seven academic divisions. The University offers over 120 majors, minors, and concentrations. Further information about the University may be found at the following website: <http://www.jmu.edu>.

The JMU campus is 721 acres and includes more than 150 buildings. Surveillance projects at JMU have been installed as individual stand-alone projects to protect both outdoor and interior spaces at the University. Currently three different camera hardware manufacturers are being used across campus. It is the University's intent to install IP based cameras in all new installations across campus and to upgrade analog cameras to IP based systems when it makes sense to do so.

The University uses Avigilon for our IP based camera systems. All IP based cameras shall have the capability to interface with Avigilon ACC software without additional hardware.

## **III. SMALL, WOMAN-OWNED AND MINORITY PARTICIPATION**

It is the policy of the Commonwealth of Virginia to contribute to the establishment, preservation, and strengthening of small businesses and businesses owned by women and minorities, and to encourage their participation in State procurement activities. The Commonwealth encourages contractors to provide for the participation of small businesses and businesses owned by women and minorities through partnerships, joint ventures, subcontracts, and other contractual opportunities. Attachment B contains information on reporting spend data with subcontractors.

## **IV. STATEMENT OF NEEDS**

- A. James Madison University seeks to secure the services of one or more contractors with direct experience and expertise in the security industry to provide video surveillance installation services and equipment. The contractor shall furnish all labor, insurance, materials, equipment, and supervision necessary to provide fully operational surveillance systems to the University. The contractor shall develop clear, concise, and professional quality written proposal quotes for each project for review and acceptance by the University.
- B. James Madison University reserves the right to obtain other cost estimates prior to authorizing work and to solicit any project separate and apart from the result contract(s) as may be deemed in the best interest of the University. Upon approval of the quote received by the University, a purchase order will be issued as authority to proceed with the work. No work is to be undertaken by the contractor until a purchase order has been received. Contractor shall not perform work or include additional equipment which would result in exceeding the dollar limitation of the purchase order without first having obtained written approval from the University.
- C. Contractor shall be responsible for adhering to all University construction guidelines and shall work directly with relevant personnel at the University. Contractor shall be responsible for any

measurements, calculations, and other details for each project.

D. All cabling for new camera installations shall run in a conduit from the video recorder to the camera. Sizing of conduits must follow EIA/TIA-569 standards for fill factor. Cabling must be labeled at all equipment terminations to identify locations by room number. Contractor shall be responsible for ensuring all installations are performed according to specifications, best professional practice, and required standards.

E. Describe in detail your approach to each of the following items and include all associated costs.

F. General

- a. Describe approach to providing video surveillance installation services and equipment to James Madison University for both large and small scale projects. Include process, methodology, and work plan. Include details of what, when, and how work will be performed.
- b. Describe experience in providing video surveillance installation services and equipment. Emphasize experience with other higher education institutions similar to James Madison University.
- c. Provide examples of recent projects of comparable service that have been completed by your firm. List the dollar amount, time frame, equipment installed, and contact information.
- d. Describe ability to design, deploy, and configure new systems and upgrades to existing systems, including expansions of additional cameras.
- e. Describe in detail warranty given on all service and equipment. Contractor shall be the primary contact for warranty responsibility for all equipment, material, and work.
- f. Provide a copy of a valid Department of Criminal Justice Services (DCJS) License for your firm and all employees assigned to James Madison University. Contractor shall have a valid DCJS license to perform work for James Madison University. Each employee that performs work on campus shall have a valid DCJS registration. The contractor and/or employees on site must present their license/registration upon request by JMU staff.
- g. Identify and provide copies of any additional certifications and licenses that the contractor and/or employees currently hold.
- h. Provide the names, qualifications, and experience of personnel to be assigned to James Madison University for video surveillance equipment and installation services. Designate the primary point of contact for this account.
- i. Describe in detail approach to backups and disaster recovery.
- j. Describe invoicing procedure. Provide a sample invoice and proposal.
- k. Identify other goods or services offered to James Madison University and associated costs.

G. Equipment

- a. Describe experience with multiple camera types and associated installation procedures. JMU may have many applications where a broad knowledge of multiple systems is essential.
- b. Describe experience with the installation of IP-based cameras.
- c. Describe experience in the installation of Network Video Recorders.
- d. Provide a detailed list of available manufacturers which your firm carries and is experienced with their equipment. All equipment shall be new and conform to any and all established manufacturer/industry standards.
- e. Provide a complete catalog and/or link to electronic catalog for each available manufacturer and list discount off published price list. The University is interested in your procedures for box-sales where the University purchases the camera and equipment from the vendor and does installation in-house.

#### H. Service

- a. Describe the training, expertise, and supervision of personnel assigned to service James Madison University.
- b. Describe consultation and guidance to be provided to James Madison University on a per project basis. Describe ability to accommodate requests for site visits to make recommendations and suggestions concerning equipment needs.
- c. Describe training plan for end users after installation is complete.
- d. Describe typical turn-around time for projects.
- e. Describe replacement of any malfunctioning/non-conforming equipment.
- f. Provide information regarding 24-hour tech support with availability of service calls.
- g. Describe response time to service calls and associated costs.
- h. Describe ability to provide annual maintenance and associated costs. Provide a sample copy of a maintenance agreement.
- i. Describe services that may be required in the normal course of operating the systems that are not covered under the maintenance contract and associated costs.
- j. Describe all other services provided and associated costs.
- k. Provide hourly rates for onsite technicians. Specify rates by expertise level.

#### I. Installation/Equipment Requirements

- 1. All NVR/Server installations shall include
  - a. An appropriately sized Uninterruptible Power Supply (UPS). The UPS shall be sized to accommodate the server power consumption plus 15%.
  - b. A copy of the operating system and any other pre-installed software as well as any

- license keys.
- c. Video monitor of not less than 19”.
- d. All server installations shall include a USB mouse and keyboard.
- e. All servers shall have a recording capacity to allow thirty (30) days of video storage.
- 2. Network Switches used in camera system installation shall provide 1 gigabit data transfer capacity.
- 3. Fiber Optics
  - a. All fiber optic cabling shall be either:
    - i. Multi-mode – 62.5 micron terminated with an ST style connector
    - ii. Single Mode – terminated with an ST style connector
  - b. All SFP modules shall be gigabit transmission speed and be CISCO compliant.
- 4. Encoders shall be mounted in a 1U, 2U, or 4U rack and utilize the Avigilon encoder rack mount bracket.

## V. PROPOSAL PREPARATION AND SUBMISSION

### A. GENERAL INSTRUCTIONS

**To ensure timely and adequate consideration of your proposal, offerors are to limit all contact, whether verbal or written, pertaining to this RFP to the James Madison University Procurement Office for the duration of this Proposal process. Failure to do so may jeopardize further consideration of Offeror’s proposal.**

1. RFP Response: In order to be considered for selection, the **Offeror shall submit a complete response to this RFP**; and shall submit to the issuing Purchasing Agency:
  - a. **One (1) original and one (1) copy** of the entire proposal, INCLUDING ALL ATTACHMENTS. Any proprietary information should be clearly marked in accordance with 3.f. below.
  - b. **One (1) electronic copy in WORD format or searchable PDF** (*CD or flash drive*) of the entire proposal, INCLUDING ALL ATTACHMENTS. Any proprietary information should be clearly marked in accordance with 3.f. below.
  - c. Should the proposal contain **proprietary information**, provide **one (1) redacted hard copy** of the proposal and all attachments with **proprietary portions removed or blacked out**. This copy should be clearly marked “*Redacted Copy*” on the front cover. The classification of an entire proposal document, line item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable. JMU shall not be responsible for the Contractor’s failure to exclude proprietary information from this redacted copy.

No other distribution of the proposal shall be made by the Offeror.

2. The version of the solicitation issued by JMU Procurement Services, as amended by an addenda, is the mandatory controlling version of the document. Any modification of, or additions to, the solicitation by the Offeror shall not modify the official version of the solicitation issued by JMU Procurement services unless accepted in writing by the University. Such modifications or additions to the solicitation by the Offeror may be cause for rejection of the proposal; however, JMU reserves the right to decide, on a case-by-case basis in its sole discretion, whether to reject such a proposal. If the modification or additions are not identified until after the award of the contract, the controlling version of the solicitation document shall still be the official state form issued by Procurement Services.
3. Proposal Preparation
  - a. Proposals shall be signed by an authorized representative of the Offeror. All information requested should be submitted. Failure to submit all information requested may result in the purchasing agency requiring prompt submissions of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by the purchasing agency. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.
  - b. Proposals shall be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.
  - c. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the paragraph number, sub letter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and sub letter should be repeated at the top of the next page. The proposal should contain a table of contents which cross references the RFP requirements. Information which the offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at the appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed.
  - d. As used in this RFP, the terms “must”, “shall”, “should” and “may” identify the criticality of requirements. “Must” and “shall” identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. Items labeled as “should” or “may” are highly desirable, although their absence will not have a large impact and would be useful, but are not necessary. Depending on the overall response to the RFP, some individual “must” and “shall” items may not be fully satisfied, but it is the intent to satisfy most, if not all, “must” and “shall” requirements. The inability of an offeror to satisfy a “must” or “shall” requirement does not automatically remove that offeror from consideration; however, it may seriously affect the overall rating of the offeror’s proposal.

- e. Each copy of the proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.
  - f. Ownership of all data, materials and documentation originated and prepared for the State pursuant to the RFP shall belong exclusively to the State and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by the offeror shall not be subject to public disclosure under the Virginia Freedom of Information Act; however, the offeror must invoke the protection of Section 2.2-4342F of the Code of Virginia, in writing, either before or at the time the data is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret materials submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line item prices and/or total proposal prices as proprietary or trade secrets is not acceptable and will result in rejection and return of the proposal.
4. Oral Presentation: Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to James Madison University. This provides an opportunity for the Offeror to clarify or elaborate on the proposal. This is a fact-finding and explanation session only and does not include negotiation. James Madison University will schedule the time and location of these presentations. Oral presentations are an option of the University and may or may not be conducted. Therefore, proposals should be complete.

## B. SPECIFIC PROPOSAL INSTRUCTIONS

Proposals should be as thorough and detailed as possible so that James Madison University may properly evaluate your capabilities to provide the required services. Offerors are required to submit the following items as a complete proposal:

1. Return RFP cover sheet and all addenda acknowledgements, if any, signed and filled out as required.
2. Plan and methodology for providing the goods/services as described in Section IV. Statement of Needs of this Request for Proposal.
3. A written narrative statement to include, but not be limited to, the expertise, qualifications, and experience of the firm and resumes of specific personnel to be assigned to perform the work.
4. Offeror Data Sheet, included as *Attachment A* to this RFP.
5. Small Business Subcontracting Plan, included as *Attachment B* to this RFP. Offeror shall provide a Small Business Subcontracting plan which summarizes the planned utilization of Department of Small Business and Supplier Diversity (SBSD)-certified small businesses which include businesses owned by women and minorities, when they have received Department of Small Business and Supplier Diversity (SBSD) small business certification, under the contract to be awarded as a result of this solicitation. This is a requirement for all prime contracts in excess of \$100,000 unless no subcontracting opportunities exist.

6. Identify the amount of sales your company had during the last twelve months with each VASCUPP Member Institution. A list of VASCUPP Members can be found at: [www.VASCUPP.org](http://www.VASCUPP.org).
7. Proposed Cost. See Section X. Pricing Schedule of this Request for Proposal.

## VI. EVALUATION AND AWARD CRITERIA

### A. EVALUATION CRITERIA

Proposals shall be evaluated by James Madison University using the following criteria:

	<u>Points</u>
1. Quality of products/services offered and suitability for intended purposes	30
2. Qualifications and experience of Offeror in providing the goods/services	20
3. Specific plans or methodology to be used to perform the services	20
4. Participation of Small, Women-Owned, & Minority (SWaM) Businesses	10
5. Cost	20
	<u>100</u>

- B. AWARD TO MULTIPLE OFFERORS: Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals on the basis of the evaluation factors included in the Request for Proposals, including price, if so stated in the Request for Proposals. Negotiations shall be conducted with the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the agency shall select the offeror which, in its opinion, has made the best proposal, and shall award the contract to that offeror. The Commonwealth reserves the right to make multiple awards as a result of this solicitation. The Commonwealth may cancel this Request for Proposals or reject proposals at any time prior to an award, and is not required to furnish a statement of the reasons why a particular proposal was not deemed to be the most advantageous. Should the Commonwealth determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror. The award document will be a contract incorporating by reference all the requirements, terms and conditions of the solicitation and the contractor's proposal as negotiated.

## VII. GENERAL TERMS AND CONDITIONS

- A. PURCHASING MANUAL: This solicitation is subject to the provisions of the Commonwealth of Virginia's Purchasing Manual for Institutions of Higher Education and Their Vendors and any revisions thereto, which are hereby incorporated into this contract in their entirety. A copy of the manual is available for review at the purchasing office. In addition, the manual may be accessed electronically at <http://www.jmu.edu/procurement> or a copy can be obtained by calling Procurement Services at (540) 568-3145.

- B. APPLICABLE LAWS AND COURTS: This solicitation and any resulting contract shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the Commonwealth. The Contractor shall comply with applicable federal, state and local laws and regulations.
- C. ANTI-DISCRIMINATION: By submitting their proposals, offerors certify to the Commonwealth that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and §10 of the Rules Governing Procurement, Chapter 2, Exhibit J, Attachment 1 (available for review at <http://www.jmu.edu/procurement>). If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender, sexual orientation, gender identity, or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (*§6 of the Rules Governing Procurement*).

In every contract over \$10,000 the provisions in 1. and 2. below apply:

1. During the performance of this contract, the contractor agrees as follows:
    - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
    - b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.
    - c. Notices, advertisements, and solicitations placed in accordance with federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting these requirements.
  2. The contractor will include the provisions of 1. above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.
- D. ETHICS IN PUBLIC CONTRACTING: By submitting their proposals, offerors certify that their proposals are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

- E. IMMIGRATION REFORM AND CONTROL ACT OF 1986: By entering into a written contract with the Commonwealth of Virginia, the Contractor certifies that the Contractor does not, and shall not during the performance of the contract for goods and services in the Commonwealth, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.
- F. DEBARMENT STATUS: By submitting their proposals, offerors certify that they are not currently debarred by the Commonwealth of Virginia from submitting proposals on contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.
- G. ANTITRUST: By entering into a contract, the contractor conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said contract.
- H. MANDATORY USE OF STATE FORM AND TERMS AND CONDITIONS RFPs: Failure to submit a proposal on the official state form provided for that purpose may be a cause for rejection of the proposal. Modification of or additions to the General Terms and Conditions of the solicitation may be cause for rejection of the proposal; however, the Commonwealth reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such a proposal.
- I. CLARIFICATION OF TERMS: If any prospective offeror has questions about the specifications or other solicitation documents, the prospective offeror should contact the buyer whose name appears on the face of the solicitation no later than five working days before the due date. Any revisions to the solicitation will be made only by addendum issued by the buyer.
- J. PAYMENT:
  - 1. To Prime Contractor:
    - a. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the state contract number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).
    - b. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
    - c. All goods or services provided under this contract or purchase order, that are to be paid for with public funds, shall be billed by the contractor at the contract price, regardless of which public agency is being billed.
    - d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.

- e. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (*Rules Governing Procurement, Chapter 2, Exhibit J, Attachment 1 § 53; available for review at <http://www.jmu.edu/procurement>*).

2. To Subcontractors:

- a. A contractor awarded a contract under this solicitation is hereby obligated:
    - (1) To pay the subcontractor(s) within seven (7) days of the contractor's receipt of payment from the Commonwealth for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
    - (2) To notify the agency and the subcontractors, in writing, of the contractor's intention to withhold payment and the reason.
  - b. The contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the contractor that remain unpaid seven (7) days following receipt of payment from the Commonwealth, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.
3. Each prime contractor who wins an award in which provision of a SWAM procurement plan is a condition to the award, shall deliver to the contracting agency or institution, on or before request for final payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWAM procurement plan. Final payment under the contract in question may be withheld until such certification is delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment.
4. The Commonwealth of Virginia encourages contractors and subcontractors to accept electronic and credit card payments.

K. PRECEDENCE OF TERMS: Paragraphs A through J of these General Terms and Conditions and the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors, shall apply in all instances. In the event there is a conflict between any of

the other General Terms and Conditions and any Special Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.

- L. QUALIFICATIONS OF OFFERORS: The Commonwealth may make such reasonable investigations as deemed proper and necessary to determine the ability of the offeror to perform the services/furnish the goods and the offeror shall furnish to the Commonwealth all such information and data for this purpose as may be requested. The Commonwealth reserves the right to inspect offeror's physical facilities prior to award to satisfy questions regarding the offeror's capabilities. The Commonwealth further reserves the right to reject any proposal if the evidence submitted by, or investigations of, such offeror fails to satisfy the Commonwealth that such offeror is properly qualified to carry out the obligations of the contract and to provide the services and/or furnish the goods contemplated therein.
- M. TESTING AND INSPECTION: The Commonwealth reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications.
- N. ASSIGNMENT OF CONTRACT: A contract shall not be assignable by the contractor in whole or in part without the written consent of the Commonwealth.
- O. CHANGES TO THE CONTRACT: Changes can be made to the contract in any of the following ways:
  - 1. The parties may agree in writing to modify the scope of the contract. An increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the scope of the contract.
  - 2. The Purchasing Agency may order changes within the general scope of the contract at any time by written notice to the contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The contractor shall comply with the notice upon receipt. The contractor shall be compensated for any additional costs incurred as the result of such order and shall give the Purchasing Agency a credit for any savings. Said compensation shall be determined by one of the following methods:
    - a. By mutual agreement between the parties in writing; or
    - b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the contractor accounts for the number of units of work performed, subject to the Purchasing Agency's right to audit the contractor's records and/or to determine the correct number of units independently; or
    - c. By ordering the contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present the Purchasing Agency with all vouchers and records of expenses incurred and savings realized. The Purchasing Agency shall have the right to audit the records of the contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the Purchasing Agency within thirty (30) days from the date of receipt of the written order from the Purchasing Agency. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in accordance

with the procedures for resolving disputes provided by the Disputes Clause of this contract or, if there is none, in accordance with the disputes provisions of the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the contractor from promptly complying with the changes ordered by the Purchasing Agency or with the performance of the contract generally.

- P. DEFAULT: In case of failure to deliver goods or services in accordance with the contract terms and conditions, the Commonwealth, after due oral or written notice, may procure them from other sources and hold the contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the Commonwealth may have.
- Q. INSURANCE: By signing and submitting a proposal under this solicitation, the offeror certifies that if awarded the contract, it will have the following insurance coverage at the time the contract is awarded. For construction contracts, if any subcontractors are involved, the subcontractor will have workers' compensation insurance in accordance with § 25 of the Rules Governing Procurement – Chapter 2, Exhibit J, Attachment 1, and 65.2-800 et. Seq. of the Code of Virginia (available for review at <http://www.jmu.edu/procurement>) The offeror further certifies that the contractor and any subcontractors will maintain these insurance coverage during the entire term of the contract and that all insurance coverage will be provided by insurance companies authorized to sell insurance in Virginia by the Virginia State Corporation Commission.

MINIMUM INSURANCE COVERAGES AND LIMITS REQUIRED FOR MOST CONTRACTS:

1. Workers' Compensation: Statutory requirements and benefits. Coverage is compulsory for employers of three or more employees, to include the employer. Contractors who fail to notify the Commonwealth of increases in the number of employees that change their workers' compensation requirement under the Code of Virginia during the course of the contract shall be in noncompliance with the contract.
  2. Employer's Liability: \$100,000
  3. Commercial General Liability: \$1,000,000 per occurrence and \$2,000,000 in the aggregate. Commercial General Liability is to include bodily injury and property damage, personal injury and advertising injury, products and completed operations coverage. The Commonwealth of Virginia must be named as an additional insured and so endorsed on the policy.
  4. Automobile Liability: \$1,000,000 combined single limit. *(Required only if a motor vehicle not owned by the Commonwealth is to be used in the contract. Contractor must assure that the required coverage is maintained by the Contractor (or third party owner of such motor vehicle.)*
- R. ANNOUNCEMENT OF AWARD: Upon the award or the announcement of the decision to award a contract over \$100,000, as a result of this solicitation, the purchasing agency will publicly post such notice on the DGS/DPS eVA web site ([www.eva.virginia.gov](http://www.eva.virginia.gov)) for a minimum of 10 days.
- S. DRUG-FREE WORKPLACE: During the performance of this contract, the contractor agrees to (i) provide a drug-free workplace for the contractor's employees; (ii) post in conspicuous

places, available to employees and applicants for employment, a statement notifying employees that the unlawful manufacture, sale, distribution, dispensation, possession, or use of a controlled substance or marijuana is prohibited in the contractor's workplace and specifying the actions that will be taken against employees for violations of such prohibition; (iii) state in all solicitations or advertisements for employees placed by or on behalf of the contractor that the contractor maintains a drug-free workplace; and (iv) include the provisions of the foregoing clauses in every subcontract or purchase order of over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.

For the purposes of this section, "drug-free workplace" means a site for the performance of work done in connection with a specific contract awarded to a contractor, the employees of whom are prohibited from engaging in the unlawful manufacture, sale, distribution, dispensation, possession or use of any controlled substance or marijuana during the performance of the contract.

T. NONDISCRIMINATION OF CONTRACTORS: An offeror, or contractor shall not be discriminated against in the solicitation or award of this contract because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, faith-based organizational status, any other basis prohibited by state law relating to discrimination in employment or because the offeror employs ex-offenders unless the state agency, department or institution has made a written determination that employing ex-offenders on the specific contract is not in its best interest. If the award of this contract is made to a faith-based organization and an individual, who applies for or receives goods, services, or disbursements provided pursuant to this contract objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

U. eVA BUSINESS TO GOVERNMENT VENDOR REGISTRATION, CONTRACTS, AND ORDERS: The eVA Internet electronic procurement solution, website portal [www.eVA.virginia.gov](http://www.eVA.virginia.gov), streamlines and automates government purchasing activities in the Commonwealth. The eVA portal is the gateway for vendors to conduct business with state agencies and public bodies. All vendors desiring to provide goods and/or services to the Commonwealth shall participate in the eVA Internet eprocurement solution by completing the free eVA Vendor Registration. All offerors must register in eVA and pay the Vendor Transaction Fees specified below; failure to register will result in the proposal being rejected. Vendor transaction fees are determined by the date the original purchase order is issued and the current fees are as follows:

Vendor transaction fees are determined by the date the original purchase order is issued and the current fees are as follows:

1. For orders issued July 1, 2014 and after, the Vendor Transaction Fee is:
  - a. Department of Small Business and Supplier Diversity (SBSD) certified Small Businesses: 1% capped at \$500 per order.
  - b. Businesses that are not Department of Small Business and Supplier Diversity (SBSD) certified Small Businesses: 1% capped at \$1,500 per order.
2. For orders issued prior to July 1, 2014 the vendor transaction fees can be found at [www.eVA.virginia.gov](http://www.eVA.virginia.gov).

3. The specified vendor transaction fee will be invoiced by the Commonwealth of Virginia Department of General Services approximately 60 days after the corresponding purchase order is issued and payable 30 days after the invoice date. Any adjustments (increases/decreases) will be handled through purchase order changes.
- V. AVAILABILITY OF FUNDS: It is understood and agreed between the parties herein that the Commonwealth of Virginia shall be bound hereunder only to the extent of the funds available or which may hereafter become available for the purpose of this agreement.
- W. PRICING CURRENCY: Unless stated otherwise in the solicitation, offerors shall state offered prices in U.S. dollars.
- X. E-VERIFY REQUIREMENT OF ANY CONTRACTOR: Any employer with more than an average of 50 employees for the previous 12 months entering into a contract in excess of \$50,000 with James Madison University to perform work or provide services pursuant to such contract shall register and participate in the E-Verify program to verify information and work authorization of its newly hired employees performing work pursuant to any awarded contract.
- Y. CIVILITY IN STATE WORKPLACES: The contractor shall take all reasonable steps to ensure that no individual, while performing work on behalf of the contractor or any subcontractor in connection with this agreement (each, a "Contract Worker"), shall engage in 1) harassment (including sexual harassment), bullying, cyber-bullying, or threatening or violent conduct, or 2) discriminatory behavior on the basis of race, sex, color, national origin, religious belief, sexual orientation, gender identity or expression, age, political affiliation, veteran status, or disability.

The contractor shall provide each Contract Worker with a copy of this Section and will require Contract Workers to participate in training on civility in the State workplace. Upon request, the contractor shall provide documentation that each Contract Worker has received such training.

For purposes of this Section, "State workplace" includes any location, permanent or temporary, where a Commonwealth employee performs any work-related duty or is representing his or her agency, as well as surrounding perimeters, parking lots, outside meeting locations, and means of travel to and from these locations. Communications are deemed to occur in a State workplace if the Contract Worker reasonably should know that the phone number, email, or other method of communication is associated with a State workplace or is associated with a person who is a State employee.

The Commonwealth of Virginia may require, at its sole discretion, the removal and replacement of any Contract Worker who the Commonwealth reasonably believes to have violated this Section.

This Section creates obligations solely on the part of the contractor. Employees or other third parties may benefit incidentally from this Section and from training materials or other communications distributed on this topic, but the Parties to this agreement intend this Section to be enforceable solely by the Commonwealth and not by employees or other third parties.

- Z. TAXES: Sales to the Commonwealth of Virginia are normally exempt from State sales tax. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request. Deliveries against this contract shall usually be free of Federal excise and transportation taxes. The Commonwealth's excise tax exemption registration number is 54-73-0076K.

- AA. TRANSPORTATION AND PACKAGING: By submitting their proposals, all Offerors certify and warrant that the price offered for FOB destination includes only the actual freight rate costs at the lowest and best rate and is based upon the actual weight of the goods to be shipped. Except as otherwise specified herein, standard commercial packaging, packing and shipping containers shall be used. All shipping containers shall be legibly marked or labeled on the outside with purchase order number, commodity description, and quantity.

## VIII. SPECIAL TERMS AND CONDITIONS

- A. AUDIT: The Contractor hereby agrees to retain all books, records, systems, and other documents relative to this contract for five (5) years after final payment, or until audited by the Commonwealth of Virginia, whichever is sooner. The Commonwealth of Virginia, its authorized agents, and/or State auditors shall have full access to and the right to examine any of said materials during said period.
- B. CANCELLATION OF CONTRACT: James Madison University reserves the right to cancel and terminate any resulting contract, in part or in whole, without penalty, upon 60 days written notice to the contractor. In the event the initial contract period is for more than 12 months, the resulting contract may be terminated by either party, without penalty, after the initial 12 months of the contract period upon 60 days written notice to the other party. Any contract cancellation notice shall not relieve the contractor of the obligation to deliver and/or perform on all outstanding orders issued prior to the effective date of cancellation.
- C. IDENTIFICATION OF PROPOSAL ENVELOPE: The signed proposal should be returned in a separate envelope or package, sealed and identified as follows:

From:	_____	_____	_____
	Name of Offeror	Due Date	Time
	_____	_____	_____
	Street or Box No.	RFP #	
	_____	_____	_____
	City, State, Zip Code	RFP Title	
	_____	_____	_____
	Name of Purchasing Officer:		

The envelope should be addressed as directed on the title page of the solicitation.

The Offeror takes the risk that if the envelope is not marked as described above, it may be inadvertently opened and the information compromised, which may cause the proposal to be disqualified. Proposals may be hand-delivered to the designated location in the office issuing the solicitation. No other correspondence or other proposals should be placed in the envelope.

- D. LATE PROPOSALS: To be considered for selection, proposals must be received by the issuing office by the designated date and hour. The official time used in the receipt of proposals is that time on the automatic time stamp machine in the issuing office. Proposals received in the issuing office after the date and hour designated are automatically non responsive and will not be considered. The University is not responsible for delays in the delivery of mail by the U.S. Postal Service, private couriers, or the intra university mail system. It is the sole responsibility of the Offeror to ensure that its proposal reaches the issuing office by the designated date and hour.

- E. UNDERSTANDING OF REQUIREMENTS: It is the responsibility of each offeror to inquire about and clarify any requirements of this solicitation that is not understood. The University will not be bound by oral explanations as to the meaning of specifications or language contained in this solicitation. Therefore, all inquiries deemed to be substantive in nature must be in writing and submitted to the responsible buyer in the Procurement Services Office. Offerors must ensure that written inquiries reach the buyer at least five (5) days prior to the time set for receipt of offerors proposals. A copy of all queries and the respective response will be provided in the form of an addendum to all offerors who have indicated an interest in responding to this solicitation. Your signature on your Offer certifies that you fully understand all facets of this solicitation. These questions may be sent by Fax to 540/568-7935.
- F. RENEWAL OF CONTRACT: This contract may be renewed by the Commonwealth for a period of four (4) successive one year periods under the terms and conditions of the original contract except as stated in 1. and 2. below. Price increases may be negotiated only at the time of renewal. Written notice of the Commonwealth's intention to renew shall be given approximately 90 days prior to the expiration date of each contract period.
1. If the Commonwealth elects to exercise the option to renew the contract for an additional one-year period, the contract price(s) for the additional one year shall not exceed the contract price(s) of the original contract increased/decreased by no more than the percentage increase/decrease of the other services category of the CPI-W section of the Consumer Price Index of the United States Bureau of Labor Statistics for the latest twelve months for which statistics are available.
  2. If during any subsequent renewal periods, the Commonwealth elects to exercise the option to renew the contract, the contract price(s) for the subsequent renewal period shall not exceed the contract price(s) of the previous renewal period increased/decreased by more than the percentage increase/decrease of the other services category of the CPI-W section of the Consumer Price Index of the United States Bureau of Labor Statistics for the latest twelve months for which statistics are available.
- G. SUBMISSION OF INVOICES: All invoices shall be submitted within sixty days of contract term expiration for the initial contract period as well as for each subsequent contract renewal period. Any invoices submitted after the sixty day period will not be processed for payment.
- H. OPERATING VEHICLES ON JAMES MADISON UNIVERSITY CAMPUS: Operating vehicles on sidewalks, plazas, and areas heavily used by pedestrians is prohibited. In the unlikely event a driver should find it necessary to drive on James Madison University sidewalks, plazas, and areas heavily used by pedestrians, the driver must yield to pedestrians. For a complete list of parking regulations, please go to [www.jmu.edu/parking](http://www.jmu.edu/parking); or to acquire a service representative parking permit, contact Parking Services at 540.568.3300. The safety of our students, faculty and staff is of paramount importance to us. Accordingly, violators may be charged.
- I. COOPERATIVE PURCHASING / USE OF AGREEMENT BY THIRD PARTIES: It is the intent of this solicitation and resulting contract(s) to allow for cooperative procurement. Accordingly, any public body, (to include government/state agencies, political subdivisions, etc.), cooperative purchasing organizations, public or private health or educational institutions or any University related foundation and affiliated corporations may access any resulting contract if authorized by the Contractor.

Participation in this cooperative procurement is strictly voluntary. If authorized by the Contractor(s), the resultant contract(s) will be extended to the entities indicated above to

purchase goods and services in accordance with contract terms. As a separate contractual relationship, the participating entity will place its own orders directly with the Contractor(s) and shall fully and independently administer its use of the contract(s) to include contractual disputes, invoicing and payments without direct administration from the University. No modification of this contract or execution of a separate agreement is required to participate; however, the participating entity and the Contractor may modify the terms and conditions of this contract to accommodate specific governing laws, regulations, policies, and business goals required by the participating entity. Any such modification will apply solely between the participating entity and the Contractor.

The Contractor will notify the University in writing of any such entities accessing this contract. The Contractor will provide semi-annual usage reports for all entities accessing the contract. The University shall not be held liable for any costs or damages incurred by any other participating entity as a result of any authorization by the Contractor to extend the contract. It is understood and agreed that the University is not responsible for the acts or omissions of any entity and will not be considered in default of the contract no matter the circumstances.

Use of this contract(s) does not preclude any participating entity from using other contracts or competitive processes as needed.

J. SMALL BUSINESS SUBCONTRACTING AND EVIDENCE OF COMPLIANCE:

1. It is the goal of the Commonwealth that 42% of its purchases are made from small businesses. This includes discretionary spending in prime contracts and subcontracts. All potential offerors are required to submit a Small Business Subcontracting Plan. Unless the offeror is registered as a Department of Small Business and Supplier Diversity (SBSD)-certified small business and where it is practicable for any portion of the awarded contract to be subcontracted to other suppliers, the contractor is encouraged to offer such subcontracting opportunities to SBSD-certified small businesses. This shall not exclude SBSD-certified women-owned and minority-owned businesses when they have received SBSD small business certification. No offeror or subcontractor shall be considered a Small Business, a Women-Owned Business or a Minority-Owned Business unless certified as such by the Department of Small Business and Supplier Diversity (SBSD) by the due date for receipt of proposals. If small business subcontractors are used, the prime contractor agrees to report the use of small business subcontractors by providing the purchasing office at a minimum the following information: name of small business with the SBSD certification number or FEIN, phone number, total dollar amount subcontracted, category type (small, women-owned, or minority-owned), and type of product/service provided. **This information shall be submitted to: JMU Office of Procurement Services, Attn: SWAM Subcontracting Compliance, MSC 5720, Harrisonburg, VA 22807.**
2. Each prime contractor who wins an award in which provision of a small business subcontracting plan is a condition of the award, shall deliver to the contracting agency or institution with every request for payment, evidence of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the small business subcontracting plan. **This information shall be submitted to: JMU Office of Procurement Services, SWAM Subcontracting Compliance, MSC 5720, Harrisonburg, VA 22807.** When such business has been subcontracted to these firms and upon completion of the contract, the contractor agrees to furnish the purchasing office at a minimum the following information: name of firm with the Department of Small Business and Supplier Diversity (SBSD) certification number or FEIN number, phone number, total dollar amount subcontracted, category type (small, women-owned, or minority-owned), and type of product or service provided. Payment(s) may be withheld until compliance

with the plan is received and confirmed by the agency or institution. The agency or institution reserves the right to pursue other appropriate remedies to include, but not be limited to, termination for default.

3. Each prime contractor who wins an award valued over \$200,000 shall deliver to the contracting agency or institution with every request for payment, information on use of subcontractors that are not Department of Small Business and Supplier Diversity (SBSD)-certified small businesses. When such business has been subcontracted to these firms and upon completion of the contract, the contractor agrees to furnish the purchasing office at a minimum the following information: name of firm, phone number, FEIN number, total dollar amount subcontracted, and type of product or service provided. **This information shall be submitted to: JMU Office of Procurement Services, Attn: SWAM Subcontracting Compliance, MSC 5720, Harrisonburg, VA 22807.**
- K. AUTHORIZATION TO CONDUCT BUSINESS IN THE COMMONWEALTH: A contractor organized as a stock or nonstock corporation, limited liability company, business trust, or limited partnership or registered as a registered limited liability partnership shall be authorized to transact business in the Commonwealth as a domestic or foreign business entity if so required by Title 13.1 or Title 50 of the Code of Virginia or as otherwise required by law. Any business entity described above that enters into a contract with a public body shall not allow its existence to lapse or its certificate of authority or registration to transact business in the Commonwealth, if so required under Title 13.1 or Title 50, to be revoked or cancelled at any time during the term of the contract. A public body may void any contract with a business entity if the business entity fails to remain in compliance with the provisions of this section.
- L. PUBLIC POSTING OF COOPERATIVE CONTRACTS: James Madison University maintains a web-based contracts database with a public gateway access. Any resulting cooperative contract/s to this solicitation will be posted to the publicly accessible website. Contents identified as proprietary information will not be made public.
- M. CRIMINAL BACKGROUND CHECKS OF PERSONNEL ASSIGNED BY CONTRACTOR TO PERFORM WORK ON JMU PROPERTY: The Contractor shall obtain criminal background checks on all of their contracted employees who will be assigned to perform services on James Madison University property. The results of the background checks will be directed solely to the Contractor. The Contractor bears responsibility for confirming to the University contract administrator that the background checks have been completed prior to work being performed by their employees or subcontractors. The Contractor shall only assign to work on the University campus those individuals whom it deems qualified and permissible based on the results of completed background checks. Notwithstanding any other provision herein, and to ensure the safety of students, faculty, staff and facilities, James Madison University reserves the right to approve or disapprove any contract employee that will work on JMU property. Disapproval by the University will solely apply to JMU property and should have no bearing on the Contractor's employment of an individual outside of James Madison University.
- N. INDEMNIFICATION: Contractor agrees to indemnify, defend and hold harmless the Commonwealth of Virginia, its officers, agents, and employees from any claims, damages and actions of any kind or nature, whether at law or in equity, arising from or caused by the use of any materials, goods, or equipment of any kind or nature furnished by the contractor/any services of any kind or nature furnished by the contractor, provided that such liability is not attributable to the sole negligence of the using agency or to failure of the using agency to use the materials, goods, or equipment in the manner already and permanently described by the contractor on the materials, goods or equipment delivered.

- O. ADDITIONAL GOODS AND SERVICES: The University may acquire other goods or services that the supplier provides than those specifically solicited. The University reserves the right, subject to mutual agreement, for the Contractor to provide additional goods and/or services under the same pricing, terms, and conditions and to make modifications or enhancements to the existing goods and services. Such additional goods and services may include other products, components, accessories, subsystems, or related services that are newly introduced during the term of this Agreement. Such additional goods and services will be provided to the University at favored nations pricing, terms, and conditions.
- P. ADVERTISING: In the event a contract is awarded for supplies, equipment, or services resulting from this proposal, no indication of such sales or services to James Madison University will be used in product literature or advertising without the express written consent of the University. The contractor shall not state in any of its advertising or product literature that James Madison University has purchased or uses any of its products or services, and the contractor shall not include James Madison University in any client list in advertising and promotional materials without the express written consent of the University.
- Q. ELECTRICAL EQUIPMENT STANDARDS: All equipment/material shall conform to the latest issue of all applicable standards as established by National Electrical Manufacturer's Association (NEMA), American National Standards Institute (ANSI), and Occupational Safety & Health Administration (OSHA). All equipment and material, for which there are OSHA standards, shall bear an appropriate label of approval for use intended from a Nationally Recognized Testing Laboratory (NRTL).
- R. ASBESTOS: Whenever and wherever during the course of performing any work under this contract, the contractor discovers the presence of asbestos or suspects that asbestos is present, he shall stop the work immediately, secure the area, notify the building owner and await positive identification of the suspect material. During the downtime in such a case, the contractor shall not disturb any surrounding surfaces but shall protect the area with suitable dust covers. In the event the contractor is delayed due to the discovery of asbestos or suspected asbestos, then a mutually agreed extension of time to perform the work shall be allowed the contractor but without additional compensation due to the time extension.
- S. AS BUILT DRAWINGS: The contractor shall provide the Commonwealth a clean set of reproducible "as built" drawings and wiring diagrams, marked to record all changes made during installation or construction. The contractor shall also provide the Commonwealth with maintenance manuals, parts lists and a copy of all warranties for all equipment. All "as built" drawings and wiring diagrams, maintenance manuals, parts lists and warranties shall be delivered to the Commonwealth upon completion of the work and prior to final payment.
- T. FINAL INSPECTION: At the conclusion of the work, the contractor shall demonstrate to the authorized owners representative that the work is fully operational and in compliance with contract specifications and codes. Any deficiencies shall be promptly and permanently corrected by the contractor at the contractor's sole expense prior to final acceptance of the work.
- U. WARRANTY (COMMERCIAL): The contractor agrees that the goods or services furnished under any award resulting from this solicitation shall be covered by the most favorable commercial warranties the contractor gives any customer for such goods or services and that the rights and remedies provided therein are in addition to and do not limit those available to the Commonwealth by any other clause of this solicitation. A copy of this warranty should be furnished with the proposal.

## IX. METHOD OF PAYMENT

The contractor will be paid based on invoices submitted in accordance with the solicitation and any negotiations. James Madison University recognizes the importance of expediting the payment process for our vendors and suppliers; we request that our vendors and suppliers enroll in our bank's Comprehensive Payable options: either the Virtual Payables Virtual Card or the PayMode-X electronic deposit (ACH) to your bank account so that future payments are made electronically. Contractors signed up for the Virtual Payables process will receive the benefit of being paid Net 15. Additional information is available online at:

<http://www.jmu.edu/financeoffice/accounting-operations-disbursements/cash-investments/vendor-payment-methods.shtml>

## X. PRICING SCHEDULE

The offeror shall provide pricing for all products and services included in proposal indicating one-time and on-going costs. The resulting contract will be cooperative and pricing shall be inclusive for the attached Zone Map, of which JMU falls within Zone 2. Add additional rows as needed. Any on-premises labor rates shall be inclusive of travel and other overhead.

Specify any associated charge card processing fees, if applicable, to be billed to the university. Vendors shall provide their VISA registration number when indicating charge card processing fees. Any vendor requiring information on VISA registration may refer to

<https://usa.visa.com/support/small-business/regulations-fees.html> and for questions <https://usa.visa.com/dam/VCOM/global/support-legal/documents/merchant-surcharging-qa-for-web.pdf>.
