UCPJMU6148 Special Term and Condition VIII.CC. Nonvisual Access to Technology is hereby deleted in its entirety and replaced with the following:

CC. ACCESSIBILITY:

A. **Compliance Requirement**. All information and communications technology (ICT) purchased or upgraded pursuant to this Contract for use by any covered entity of the Commonwealth shall be at least partially compliant with the Information Technology Access Act, §§ 2.2-3500 through § 2.2-3505 of the Code of Virginia.

B. **Certification or Documentation**. For ICT delivered under this Contract that will be used by a covered entity of the Commonwealth or made available to the public, Supplier must certify the extent to which that the ICT conforms with "accessibility," as that term is defined in Virginia Code § 2.2-3501.

If the Supplier cannot certify full conformance of accessibility, the Supplier must provide:

Supplier-paid and completed Vendor Accessibility Roadmap (as that term is defined in Virginia Code § 2.2-3501) documenting any areas of nonconformance and including a timeline for each nonconforming area's completion.

Part 1194, Appendix A, § E202, the covered entity of the Commonwealth may, in its sole discretion, procure non-accessible ICT, if such procurement does not result in individuals with disabilities being denied the benefit of any program, service, or activity. This discretion does not waive Supplier's obligations to comply with accessibility requirements and provide required certifications or documentation.

All invoices shall be submitted within sixty days of contract renewal term expiration as well as for each subsequent contract renewal period. Any invoices submitted after the sixty day period will not be processed for payment.

Return one executed renewal notice to my attention within ten days.
