Response to Section IV: Statement of Needs

A. On Demand Videography Services

1. Record and/or transmit high-definition quality audio and/or video of a James Madison University event, either on campus or within the surrounding community. Projects under this section will require at least one audio and/or video capturing device, and may require one or more of the following:

a. Describe your ability to provide one or multiple cameras and/or microphones.

PMC owns a wide variety of state-of-the-art videography equipment including multiple cameras, lights, and audio equipment. Please see a relevant sample of our equipment on page 12 in our Pricing Schedule. A full equipment list can be furnished at your request.

b. Describe your ability to provide live video switching.

PMC owns the equipment necessary to provide live video switching. Over the past year in particular we have had a huge increase in projects involving live video switching--from controlling entire conferences to smaller meetings. Our base package allows us to switch from 4 unique sources and livestream to 2 separate destinations. Our equipment can scale up based on the needs of the production.

c. Describe your ability to create and integrate video graphics, slides or animations.

We are very experienced integrating graphics and animations into our video projects, from fully animated works to simple motion graphics (lower thirds, logos) and title animations. We can utilize stock assets, a client's preexisting assets, or subcontract with graphic designers for custom needs. You can see graphics or animations reflected in nearly all of our work examples on some level.

d. Describe your ability to provide videos ready for projection video screens within the venue.

We are familiar with converting our work into the proper format for presentation on a projector screen. We are able to adapt our work to whatever format the client or project requires.

e. Describe your ability to provide video content that may require encoding to live web stream or other online delivery such as YouTube live, Vimeo, Zoom Webinar or similar streaming solutions.

We have worked with many clients on projects that require encoding video to live web streams such as Facebook Live or YouTube, to include standard multi-source video switching, incorporating graphics, and pre-recorded content in a seamless manner. Our streaming platform allows for integration with API keys to send the video stream to essentially any video streaming platform including those outlined in this RFP.

f. Describe your ability to provide videos that may require delivery of recorded video content to JMU via digital file (MP4 using H.264 or H.265 encoding).

We can deliver digital files of any recordings we make on behalf of JMU, including original source files via a variety of means including through platforms such as Vimeo or [Frame.io](https://frame.io/), or file transfer services like Google Drive or Dropbox. We can encode our digital files in whatever format is required, including H.264 and H.265.

2. Produce final 4K or higher resolution video content for use in recruitment, alumni engagement, fundraising, athletics or academic programs. May require one or more of the following:

a. Describe your ability to provide video editing services.

We are a full service media production company specializing in video production. We are able to provide video editing for any type of project whether it is something we filmed start to finish or pre-existing footage from a client. This is an area in which we excel.

b. Describe your ability to provide scriptwriting services (provide examples).

We are a full service media production company and are often asked with help with scriptwriting. Our scriptwriting services range from establishing treatments and project development to working with clients on refining pre-existing scripts. We are able to handle writing at all scopes of need. One sample script is on page 15 of this proposal.

One of our previous projects for the I'm Determined Project based out of the JMU TTAC, creating a series of animated videos, is available for viewing at <http://www.powellmediaconcepts.com/jmu> and the storyboard is available on page 18 of this proposal.

c. Describe your ability to provide interviewing as part of the final product.

A significant portion of our video projects require interviewing as part of or the majority of the finished product. Our producer works with each client as needed to establish appropriate interview questions, and conducts pre-interviews and online or in-person interviews as required. We are experts at being able to convert interviews into compelling narratives, and pride ourselves at being able to put our subjects at ease for a natural & conversational end-result.

d. Describe your ability to provide video shoots with or without lighting.

We are able to shoot without lighting (i.e., utilizing natural/ambient light along with reflectors) or use professional video lights. We scale our production services based on the needs of each client/project and are able to provide an exceptional product in any environment.

e. Describe your ability to provide video graphics and/or animation.

We are well versed in motion graphics and animation. We execute animated projects in 3 ways: stock assets, client-provided assets, custom created assets. You can see examples of both animated videos as well as videos containing motion-graphics on our sample page: <http://www.powellmediaconcepts.com/jmu>

f. Describe your ability to provide voice over and/or sound effects.

We have worked with dozens of voiceover artists and are able to provide a wide variety of options for our clients when a voiceover is required. We also execute sound-design on many projects, by recording sound in the field or by utilizing stock sound effect libraries.

g. Describe your ability to create and deliver final footage, which meets industry standard technical specifications.

We have been in the media production industry for over 13 years and are experienced with delivering final footage in multiple formats. All of our work meets industry standard technical specifications and we go above and beyond to ensure our product looks and feels professional.

h. Describe your ability to provide final footage via digital file (MP4 using H.264 or H.265 encoding).

We are able to provide our clients with final footage in any method they prefer including digital file (.mov, .mp4, or other) in whatever compression is desired (H.264, H.265, or other)..

i. Describe your ability to record aerial drone video and photo content (must have and adhere to FAA Part 107 requirements for drone operations).

We are capable of providing drone footage and/or photography utilizing DJI Drones.

3. Provide detail quotes and invoices that are clear and concise.

a. Describe your ability to provide detailed quotes that clearly list all service/items to be provided and their associated cost(s).

Our project estimates always clearly list all options and costs that may pertain to the particular project. It is important to us that our clients have a full understanding of all cost elements for a project.

b. Describe your ability to provide line item pricing on invoices.

Different aspects of each project (e.g., film days, camera gear, editing) are displayed on separate line items so that the client has a clear understanding of where costs are coming from.

c. Provide examples of quotes and invoices that show your ability to comply with this requirement.

We have added an invoice sample on the page <http://www.powellmediaconcepts.com/jmu> .

4. Contractor shall provide JMU with unedited raw footage and rough cuts of all filming sessions for the university to save, review, and otherwise use without limitation at any point during and after fulfillment of the contract. Describe your ability to comply and meet this requirement.

We utilize an online review system for client feedback and notes on all our video projects. In addition to that, during the course of a contract we save and backup raw footage at our studio. We are able to mail the client raw footage on an external hard drive if requested. Clients are always able to utilize raw footage that was collected as part of their contract at a later date as they require.

5. Describe your ability to create video with industry standard technical specifications that are compatible with common video formats used in publicly-available hosted sites such as YouTube, Vimeo and Facebook.

As noted earlier, we are well versed in delivering a product in any format a client requests. We often deliver products for use on hosted sites like YouTube, Vimeo, and Facebook as this request is nearly ubiquitous across all projects we undertake.

6. Describe your ability to integrate closed-captioning into videos when requested (captioning requirements must be ADA-compliant see Title II requirements).

We're experienced with captioning for our video projects to include compliance with section 508 guidelines and Title II requirements. Our work with the JMU TTAC, I'm Determined Project, and the Virginia Department of Education strictly requires this.

7. Contractor shall abide by JMU brand guidelines (see: <http://www.jmu.edu/brand/vendor-requirements.shtml>) and shall notify the university's Digital Content Manager in the University Communications and Marketing Office when new projects are established and will include the Digital Content Manager on final video approvals. Describe your ability to comply and meet this requirement.

From working with JMU we are familiar with JMU brand guidelines and are able to incorporate any new branding elements as they arise. We will ensure that any project with JMU represents the appropriate brand guidelines.

8. Describe your project management approach for each video project and how you will meet the specifications, objective, and time frame for each project.

As a company we pride ourselves on excellent client communication and are sure to confirm and establish the needs and parameters of each individual project with our client contact. We are in frequent communication with the client to ensure all goals are met, including all project specifications, objectives, and deadlines. Through communication and organization we're able to ensure the delivery of the final product within the client's required time frame, and have yet to miss a deadline.

9. Provide various samples of your finished video work that showcase your quality of work, complement your clients' existing branded materials, and demonstrates your ability to meet the needs of this RFP. They can be provided via a link to a website or on a flash drive submitted with the proposal.

Please reference this link for samples and explanations of our work:

<http://www.powellmediaconcepts.com/jmu>

10. Describe your ability to follow directions from university and athletics staff, in particular in strategic direction of video services and rolling out new elements (i.e. not debuting a new element without advance coordination with JMU staff)

Establishing good communication and trust with each client is of the utmost importance to our company. Our exemplary communication skills shine through in every project we undertake, and we always ensure we are on the same page as our client in order to provide them with the exact product they require at the time they require it.

11. Provide a list of the equipment used (description, brand, model, etc) your firm will use to service the requirements of this contract.

Please reference our equipment list as referenced in the Pricing Schedule on page 12

Narrative Statement

Powell Media Concepts is a fully insured, SBA certified woman-owned micro business (SBSD certification #720822), run by Taylor and Ben Powell in Falls Church, VA. We have been in business full time since 2016 and have seen steady growth over the past 10 years.

In recent years our small business has seen explosive growth and success, which we attribute largely to being one of the companies awarded JMU's VASCUPP contract for videography services 10 years ago. Since being listed as a vendor on that contract we have been fortunate to do some amazing work in higher education with JMU, George Mason University, and the Virginia Department of Education and have built some wonderful relationships with departments within those institutions, and we look forward to continuing those relationships if we are selected for this current VASCUPP contract award.

PMC is composed of co-owners Ben and Taylor Powell. Ben Powell, a JMU alumnus, is a jack-of-all-trades in the media production industry working across all aspects of a project from directing on set to editing and animating post-production. Ben Powell holds a Bachelor's degree in Music Industry from JMU, and from this music background Ben has an ability to tell a story in a way that captures the audience's attention using motion and sound. Whether he's filming a two hour feature length documentary or a 30 second promo, Ben uses artful cinematography and professional audio capture to ensure the client's message sticks.

Taylor Powell serves as Executive Producer for Powell Media Concepts. This includes managing clients, location scouting, crafting timelines, fulfilling client orders, and establishing relationships with vendors. With an M.A. in Psychology from GMU, she is well equipped to communicate and work with all types of clients and vendors. She shares Ben's eye for composition and lighting and also has a particular knack for detail.

We hope that you will look at our experience, references, and body of work and see that we are deftly qualified to continue our work with VASCUPP Member Institutions. Our relationships with JMU and GMU in particular are incredibly important to us and we hope to continue those relationships for a long time to come. Please don't hesitate to contact us with any questions or if you require further information.

SCRIPT SAMPLE

WIFE lays down exasperatedly on the couch. The viewer assumes she is in a therapy session. The American Pest TECHNICIAN is present - the viewer assumes he is the therapist.

TECHNICIAN

So, what can I help you with today?

WIFE (sighs).

It's mostly Greg - my husband. I know he means well, but he just ends up making things worse.

WIFE pauses for a beat, as though she's searching for an example.

WIFE

Like, this one time we had a mouse problem..

CUT to Mouse Trap vignette

HUSBAND leans up from setting up a mouse trap. He smiles confidently.

HUSBAND

See? I got this.

The camera pulls back to reveal that HUSBAND has set up 30 mouse traps in close proximity to one another and has trapped himself in a corner. As he tries to escape his predicament, he lands on a mouse trap. We see his reaction.

CUT back to "therapy"

WIFE

Oh, and that time he thought he could take on the bees

CUT to Bee vignette

HUSBAND is observing a bee's nest - he's wearing a hodge podge of protective gear: a catcher's mask, oven mitts, and a hockey stick. He's about to "take care" of the bee problem. He looks up at the bee's nest.

HUSBAND (confidently)
I got this.

We hard cut to see the bees subsequently swarming HUSBAND - he runs away.

CUT back to "therapy"

WIFE (exasperatedly)
And his solution to our ant problem...?!

CUT to Ants vignette

We see a line of ants walking on the kitchen countertop. HUSBAND looms into view behind the line of ants like a giant, we see he's holding an aerosol can and a lighter. We cut to WIFE as she begins to ask:

WIFE
Uh, Greg that's not --

WIFE gets cut off as HUSBAND lights the makeshift flamethrower. We cut to a wide shot where we see that he has set several items on the kitchen counter aflame.

HUSBAND
What? I got this!

CUT back to "therapy"

WIFE (turns to look toward TECHNICIAN)
... Know what I mean?

Camera cuts to TECHNICIAN looking a little uncomfortable, revealing that the WIFE was not talking to a therapist at all, but an American Pest TECHNICIAN.

TECHNICIAN

V1. Don't worry... we got this.

V2. Well... we can help you with that.

V3. So... how's Thursday at noon?

I. PURPOSE

The purpose of this Request for Proposal (RFP) is to solicit sealed proposals from qualified sources to enter into a contract to provide general on-demand Videography Services and Videography Services specifically for The Parade of Champions event for James Madison University (JMU), an agency of the Commonwealth of Virginia. Initial contract shall be for one (1) year with an option to renew for four (4) additional one-year periods.

II. BACKGROUND

James Madison University (JMU) is a comprehensive public institution in Harrisonburg, Virginia with an enrollment of nearly 23,000 students and over 4,000 faculty and staff. There are over 600 individual departments on campus that support seven (7) academic divisions. The University offers over 120 majors, minors, and concentrations. Further information about the University can be found at the following website: www.jmu.edu.

James Madison University utilizes videography and video production services for a variety of communications and archival purposes. Included are production services for university events, recording of university events, lectures or programs, and production of informational and promotional videos and advertisements.

Videography projects will be in both live and pre-recorded format. Previous live broadcasts include open house events in Convocation Center for an audience of over 5,000, a live streamed presidential inauguration for the university, and a streamed TED talk-inspired event on campus. Majority of produced videos will be archived and backed up internally. They will also be uploaded on various platforms/hosting sites (depending on the project) such as YouTube, Vimeo, or Facebook. JMU is not seeking full-time production staff through this RFP.

In addition, to routine videography services, a vendor may be asked to provide services for The Parade of Champions:

Since its inception in 1972, the Marching Royal Dukes has become one of the best-known and largest college marching bands in the country, and are one of the largest student organizations on campus at JMU with over 450 members. The band has established a strong tradition as ambassadors of the university and community, traveling regionally, nationally, and internationally to perform at exhibitions and support music education and the marching arts. They have made appearances in the Macy's Thanksgiving Day Parade and taken tours abroad, performing in Ireland, London, Germany, France, Monaco, and Italy.

Each year the JMU Marching Royal Dukes host a competition for high school marching bands called the JMU Parade of Champions. This event draws up to a maximum of 48 bands from Virginia, West Virginia, Maryland, North Carolina, Tennessee, New York, and Pennsylvania. This is an all-day event hosted at the 25,000-seat Bridgeforth Stadium on the JMU campus, includes two (2) awards ceremonies, and features two (2) performances by the JMU Marching Royal Dukes. An estimated crowd size of 6,000 - 8,000 attends each fall. More information about the Parade of Champions can be found at <http://www.jmu.edu/mrd/poc.shtml>.

III. SMALL, WOMAN-OWNED AND MINORITY PARTICIPATION

It is the policy of the Commonwealth of Virginia to contribute to the establishment, preservation, and strengthening of small businesses and businesses owned by women and minorities, and to encourage their participation in State procurement activities. The Commonwealth encourages contractors to provide for the participation of small businesses and businesses owned by women and minorities through partnerships, joint ventures, subcontracts, and other contractual opportunities. Attachment B contains information on reporting spend data with subcontractors.

- iii. Electronic Responses submitted through eVA shall be in WORD format or searchable PDF of the entire proposal, INCLUDING ALL ATTACHMENTS. PDFs must be submitted in an unlocked format. Any proprietary information should be clearly marked in accordance with Section V.4.f. below.

b. PAPER SUBMISSIONS:

- i. **One (1) original and one (1) copies** of the entire proposal, INCLUDING ALL ATTACHMENTS. Any proprietary information should be clearly marked in accordance with V.4.e. below.
 - ii. **One (1) electronic copy in WORD format or searchable PDF** (*CD or flash drive*) of the entire proposal, INCLUDING ALL ATTACHMENTS. Any proprietary information should be clearly marked in accordance with Section V.4.f. below.
 - iii. Each copy of the proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.
 - iv. See additional information in Section VIII.C, *IDENIFICATION OF PROPSAL ENVELOPE*.
2. Should the proposal contain **proprietary information, provide one (1) redacted copy of the proposal** and all attachments with **proprietary portions removed or blacked out**. This copy should be clearly marked "*Redacted Copy*" on the front cover. The classification of an entire proposal document, line-item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable. JMU shall not be responsible for the Contractor's failure to exclude proprietary information from this redacted copy.

No other distribution of the proposal shall be made by the Offeror.

3. The version of the solicitation issued by JMU Procurement Services, as amended by an addenda, is the mandatory controlling version of the document. Any modification of, or additions to, the solicitation by the Offeror shall not modify the official version of the solicitation issued by JMU Procurement services unless accepted in writing by the University. Such modifications or additions to the solicitation by the Offeror may be cause for rejection of the proposal; however, JMU reserves the right to decide, on a case-by-case basis in its sole discretion, whether to reject such a proposal. If the modification or additions are not identified until after the award of the contract, the controlling version of

the solicitation document shall still be the official state form issued by Procurement Services.

4. Proposal Preparation

- a. Proposals shall be signed by an authorized representative of the Offeror. All information requested should be submitted. Failure to submit all information requested may result in the purchasing agency requiring prompt submissions of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by the purchasing agency. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.
- b. Proposals shall be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.
- c. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the paragraph number, sub letter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and sub letter should be repeated at the top of the next page. The proposal should contain a table of contents which cross references the RFP requirements. Information which the offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at the appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed.
- d. As used in this RFP, the terms “must”, “shall”, “should” and “may” identify the criticality of requirements. “Must” and “shall” identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. Items labeled as “should” or “may” are highly desirable, although their absence will not have a large impact and would be useful, but are not necessary. Depending on the overall response to the RFP, some individual “must” and “shall” items may not be fully satisfied, but it is the intent to satisfy most, if not all, “must” and “shall” requirements. The inability of an offeror to satisfy a “must” or “shall” requirement does not automatically remove that offeror from consideration; however, it may seriously affect the overall rating of the offeror’s proposal.
- e. Each copy of the proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.
- f. Ownership of all data, materials and documentation originated and prepared for the State pursuant to the RFP shall belong exclusively to the State and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by the offeror shall not be subject to public disclosure under the Virginia Freedom of Information Act; however, the offeror must invoke the protection of Section 2.2-4342F of the Code of Virginia, in writing, either before or at the time the data is submitted. **The written notice must specifically identify the data or materials to be protected and state the reasons why protection**

is necessary. The proprietary or trade secret materials submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line-item prices and/or total proposal prices as proprietary or trade secrets is not acceptable. Marking an entire proposal as confidential or attempts to prevent disclosure of pricing information by designating it as confidential, proprietary or trade secret will be ignored.

5. Oral Presentation: Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to James Madison University. This provides an opportunity for the Offeror to clarify or elaborate on the proposal. This is a fact-finding and explanation session only and does not include negotiation. James Madison University will schedule the time and location of these presentations. Oral presentations are an option of the University and may or may not be conducted. Therefore, proposals should be complete.

B. SPECIFIC PROPOSAL INSTRUCTIONS

Proposals should be as thorough and detailed as possible so that James Madison University may properly evaluate your capabilities to provide the required services. Offerors are required to submit the following items as a complete proposal:

1. Return RFP cover sheet and all addenda acknowledgements, if any, signed and filled out as required. (Electronic signature shall be accepted, i.e. Adobe Sign, DocuSign, etc.)
2. Plan and methodology for providing the goods/services as described in Section IV. Statement of Needs of this Request for Proposal.

Negotiations shall be conducted with the offerors so selected. Price shall be considered, but need not be the sole determining factor. After negotiations have been conducted with each offeror so selected, the agency shall select the offeror which, in its opinion, has made the best proposal, and shall award the contract to that offeror. The Commonwealth reserves the right to make multiple awards as a result of this solicitation. Should the Commonwealth determine in writing and in its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more highly qualified than the others under consideration, a contract may be negotiated and awarded to that offeror. The award document will be a contract incorporating by reference all the requirements, terms and conditions of the solicitation and the contractor's proposal as negotiated.

APPLICABLE LAWS AND COURTS: This solicitation and any resulting contract shall be governed in all respects by the laws of the Commonwealth of Virginia and any litigation with respect thereto shall be brought in the courts of the Commonwealth. The Contractor shall comply with applicable federal, state and local laws and regulations.
- C. ANTI-DISCRIMINATION: By submitting their proposals, offerors certify to the Commonwealth that they will conform to the provisions of the Federal Civil Rights Act of 1964, as amended, as well as the Virginia Fair Employment Contracting Act of 1975, as

amended, where applicable, the Virginians With Disabilities Act, the Americans With Disabilities Act and §10 of the Rules Governing Procurement, Chapter 2, Exhibit J, Attachment 1 (available for review at <http://www.jmu.edu/procurement>). If the award is made to a faith-based organization, the organization shall not discriminate against any recipient of goods, services, or disbursements made pursuant to the contract on the basis of the recipient's religion, religious belief, refusal to participate in a religious practice, or on the basis of race, age, color, gender, sexual orientation, gender identity, or national origin and shall be subject to the same rules as other organizations that contract with public bodies to account for the use of the funds provided; however, if the faith-based organization segregates public funds into separate accounts, only the accounts and programs funded with public funds shall be subject to audit by the public body. (*§6 of the Rules Governing Procurement*).

In every contract over \$10,000 the provisions in 1. and 2. below apply:

1. During the performance of this contract, the contractor agrees as follows:
 - a. The contractor will not discriminate against any employee or applicant for employment because of race, religion, color, sex, sexual orientation, gender identity, national origin, age, disability, or any other basis prohibited by state law relating to discrimination in employment, except where there is a bona fide occupational qualification reasonably necessary to the normal operation of the contractor. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.
 - b. The contractor, in all solicitations or advertisements for employees placed by or on behalf of the contractor, will state that such contractor is an equal opportunity employer.
 - c. Notices, advertisements, and solicitations placed in accordance with federal law, rule, or regulation shall be deemed sufficient for the purpose of meeting these requirements.
 2. The contractor will include the provisions of 1. above in every subcontract or purchase order over \$10,000, so that the provisions will be binding upon each subcontractor or vendor.
- D. ETHICS IN PUBLIC CONTRACTING: By submitting their proposals, offerors certify that their proposals are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.
- E. IMMIGRATION REFORM AND CONTROL ACT OF 1986: By entering into a written contract with the Commonwealth of Virginia, the Contractor certifies that the Contractor does not, and shall not during the performance of the contract for goods and services in the Commonwealth, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.
- F. DEBARMENT STATUS: By submitting their proposals, offerors certify that they are not currently debarred by the Commonwealth of Virginia from submitting proposals on contracts for the type of goods and/or services covered by this solicitation, nor are they an agent of any person or entity that is currently so debarred.

- G. ANTITRUST: By entering into a contract, the contractor conveys, sells, assigns, and transfers to the Commonwealth of Virginia all rights, title and interest in and to all causes of action it may now have or hereafter acquire under the antitrust laws of the United States and the Commonwealth of Virginia, relating to the particular goods or services purchased or acquired by the Commonwealth of Virginia under said contract.
- H. MANDATORY USE OF STATE FORM AND TERMS AND CONDITIONS RFPs: Failure to submit a proposal on the official state form provided for that purpose may be a cause for rejection of the proposal. Modification of or additions to the General Terms and Conditions of the solicitation may be cause for rejection of the proposal; however, the Commonwealth reserves the right to decide, on a case by case basis, in its sole discretion, whether to reject such a proposal.
- I. CLARIFICATION OF TERMS: If any prospective offeror has questions about the specifications or other solicitation documents, the prospective offeror should contact the buyer whose name appears on the face of the solicitation no later than five working days before the due date. Any revisions to the solicitation will be made only by addendum issued by the buyer.
- J. PAYMENT:
1. To Prime Contractor:
 - a. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the state contract number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).
 - b. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
 - c. All goods or services provided under this contract or purchase order, that are to be paid for with public funds, shall be billed by the contractor at the contract price, regardless of which public agency is being billed.
 - d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the Virginia Debt Collection Act.
 - e. Unreasonable Charges. Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (*Rules Governing*

Procurement, Chapter 2, Exhibit J, Attachment 1 § 53; available for review at <http://www.jmu.edu/procurement>).

2. To Subcontractors:
 - a. A contractor awarded a contract under this solicitation is hereby obligated:
 - (1) To pay the subcontractor(s) within seven (7) days of the contractor's receipt of payment from the Commonwealth for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
 - (2) To notify the agency and the subcontractors, in writing, of the contractor's intention to withhold payment and the reason.
 - b. The contractor is obligated to pay the subcontractor(s) interest at the rate of one percent per month (unless otherwise provided under the terms of the contract) on all amounts owed by the contractor that remain unpaid seven (7) days following receipt of payment from the Commonwealth, except for amounts withheld as stated in (2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.
 3. Each prime contractor who wins an award in which provision of a SWAM procurement plan is a condition to the award, shall deliver to the contracting agency or institution, on or before request for final payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWAM procurement plan. Final payment under the contract in question may be withheld until such certification is delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment.
 4. The Commonwealth of Virginia encourages contractors and subcontractors to accept electronic and credit card payments.
- K. PRECEDENCE OF TERMS: Paragraphs A through J of these General Terms and Conditions and the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors, shall apply in all instances. In the event there is a conflict between any of the other General Terms and Conditions and any Special Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.
- L. QUALIFICATIONS OF OFFERORS: The Commonwealth may make such reasonable investigations as deemed proper and necessary to determine the ability of the offeror to perform the services/furnish the goods and the offeror shall furnish to the Commonwealth all such information and data for this purpose as may be requested. The Commonwealth reserves the right to inspect offeror's physical facilities prior to award to satisfy questions regarding the offeror's capabilities. The Commonwealth further reserves the right to reject any proposal if the evidence submitted by, or investigations of, such offeror fails to satisfy the Commonwealth that such offeror is properly qualified to carry out the obligations of the contract and to provide the services and/or furnish the goods contemplated therein.

- M. TESTING AND INSPECTION: The Commonwealth reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications.

 2. The Purchasing Agency may order changes within the general scope of the contract at any time by written notice to the contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The contractor shall comply with the notice upon receipt. The contractor shall be compensated for any additional costs incurred as the result of such order and shall give the Purchasing Agency a credit for any savings. Said compensation shall be determined by one of the following methods:
 - a. By mutual agreement between the parties in writing; or
 - b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the contractor accounts for the number of units of work performed, subject to the Purchasing Agency's right to audit the contractor's records and/or to determine the correct number of units independently; or
 - c. By ordering the contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present the Purchasing Agency with all vouchers and records of expenses incurred and savings realized. The Purchasing Agency shall have the right to audit the records of the contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the Purchasing Agency within thirty (30) days from the date of receipt of the written order from the Purchasing Agency. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in accordance with the procedures for resolving disputes provided by the Disputes Clause of this contract or, if there is none, in accordance with the disputes provisions of the Commonwealth of Virginia Purchasing Manual for Institutions of Higher Education and their Vendors. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the contractor from promptly complying with the changes ordered by the Purchasing Agency or with the performance of the contract generally.
- P. DEFAULT: In case of failure to deliver goods or services in accordance with the contract terms and conditions, the Commonwealth, after due oral or written notice, may procure them from other sources and hold the contractor responsible for any resulting additional purchase and administrative costs. This remedy shall be in addition to any other remedies which the Commonwealth may have.
