ADDENDUM NO. ONE

TO ALL OFFERORS:

REFERENCE: Request for Proposal No: **RFP# LBS-897**
RFP Issue Date: **February 11, 2016**
Commodity: **Lightning Detection/Prediction System with Alerts**
RFP Closing On: **March 29, 2016 at 2:00 p.m. (Eastern)**

Please note the clarifications or change(s) made on this proposal:

Question: Will it be the JMU's preference to be alerted for one lat/lon point for the entire campus? Because there will be a couple of miles between locations we are able to alert for more than one. Let me know what you are used to and/or prefer.

Answer: JMU is interested in having the option to separate campus into geographic regions for alerting purposes. Offerors should provide information on the system's capabilities in regards.

Question: Our firm utilizes installation technicians that are not Licensed Class A Contractors. Does the University have a list of prequalified Licensed Class A Contractors that we can consult with and utilize as subcontractors for electrical work needed during installation?

Answer: JMU has a list of prequalified Licensed Class A Contractors that can perform electrical work on-campus. This list is attached to this Addendum.

Sincerely,

LeeAnne Beatty Smith, CPPB, VCA, CUPO
